

VICTORY FOR SECOND LOAN IS IN SIGHT

Totals Flash Past Three Billion Mark Thursday

Maximum Amount Has Not Yet Been Achieved But Officials Believe That With Continued Work The High Figure Will Be Reached When Books Close Saturday Night.

Washington, Oct. 25.—Liberty loan totals flashed pass the \$3,000,000,000 mark today and headed for the \$5,000,000,000 maximum with every indication that by continuance of the relentless campaign the latter figure would be realized when the books close Saturday.

Altho unofficial estimates from the twelve federal reserve districts do not total the figure, officials tonight expressed the conviction that subscriptions were past the \$3,500,000,000 mark.

"Victory for the second liberty loan is in sight," Secretary McAdoo announced tonight upon his return home from a trans-continental tour in behalf of the loan, "but it has not yet been achieved."

Compiled from estimates submitted by local committees and federal reserve bank headquarters the total unofficial estimate of subscriptions as announced tonight by the treasury, was \$3,290,000,000. This sum is regarded by many officials as ultra-conservative.

Official reports of subscriptions turned in to the federal reserve banks increased approximately \$400,000,000 over night and totaled, with San Francisco's work of yesterday unrecorded \$2,025,543,300. The totals of official returns follows:

District	Official
Boston	\$237,900,000
New York	\$85,600,000
Philadelphia	\$63,190,000
Chicago	\$88,750,000
Richmond	\$16,618,000
St. Louis	\$39,416,000
Kansas City	\$35,000,000
Minneapolis	\$35,024,000
Dallas	\$80,250,000
San Francisco	\$2,025,543,300

Totals \$2,025,543,300

"The returns which make this total of estimated subscriptions of \$3,290,000,000 are unofficial and may be increased," says the treasury department, "but the most diligent labors between now and Saturday night the close of the drive is necessary and is being urged upon all liberty loan committees throughout the country that a great over subscription may be reported."

Secretary McAdoo in a statement summarizing the results of his trip, urged the nation to continue without letup the vigorous campaign in order to reach or exceed the \$5,000,000,000 desired.

"So far as America is concerned," Secretary McAdoo said, "the second great battle in our war with the Kaiser is represented by the second liberty loan. This battle will end within two days. Will it be a victory for freedom and democracy or will it be a victory for the Kaiser and autocracy? It is for the American people to answer. Now is the time to go over the top. If there are any trenches in America manned by the forces of indifference, greed or treason, they are backed by the Kaiser and his hosts of autocracy and militarism. We must smash these trenches in this liberty loan campaign and destroy all that is within them so that there may be no obstacle in the way of greater victories for succeeding liberty loans.

"America has it within her powers to win a swift and enduring victory, a victory which will open the way for the resolute sweep of America's armies and navy and restore the rule of justice and liberty throughout the world. Victory for the second liberty loan is in sight, but it has not yet been achieved. Subscriptions can no longer be put off until tomorrow. In the remaining two days every citizen of America must join in a smashing drive to achieve goal."

FRANCE HOPES FOR U. S. TO FINISH WAR

PARIS, Oct. 25.—"Make it very clear to the American public," said Jules Cambon, general secretary to the ministry of foreign affairs to the Associated Press, referring to the recognition given by David Lloyd George, the British premier, to the economic, military and naval effort of the United States in the war, "how highly public opinion in France appreciates all that the United States has accomplished and how grateful it is for it."

"It is the general conviction that the United States will have the honor to finish the war and place its foot on the monster's head," M. Cambon continued. "The energy of the American policy as evidenced by the embargo measures, meets with the entire approval of the French government."

THOUSANDS OF WOMEN WORKING IN GERMAN MINES

Washington, Oct. 25.—The extent to which women are taking the place of men in the mines of Germany is disclosed in a government report just issued. During the last quarter of 1916 there were 37,563 women so employed compared with 7,265 employed in the same period of 1914.

ONLY ONE FRENCH VESSEL SUNK DURING WEEK

Paris, Oct. 25.—Only one French vessel was sunk by a submarine or mine during the week ending October 21. The vessel lost measured under 1600 tons. Four vessels were attacked unsuccessfully by submarines.

BRYAN PREDICTS DRY OHIO IN NOVEMBER

YOUNGSTOWN, O., Oct. 25.—Predicting a "dry Ohio" in November and a "dry nation" as early as 1920, William Jennings Bryan, former secretary of state, who is on a speaking tour of Ohio, advancing the prohibition movement, delivered an address here last night.

Mr. Bryan centered his discourse on the prohibition fight. He declared the liquor traffic an economic and moral menace, saying "we have in this country no other people who are so entirely destitute of patriotism as the men who stand back of the liquor business."

ANOTHER INSPIRING PARADE AT NEW YORK

Demonstration Typifies City's Enthusiasm for Liberty Loan

Over 50,000 people See Re-Christening of German Submarine and Hear Secretary of Navy Daniels Deliver Address.

New York, Oct. 25.—Fifth avenue thru which many patriotic pageants have passed since the United States joined the entente allies in the war, was the scene today of another inspiring spectacle when 20,000 marchers paraded from Washington Square to Central Park in a demonstration designed to typify New York's enthusiasm for the liberty loan.

The celebration reached a climax when the marchers joined by 30,000 spectators in the Sheep Meadow in Central Park saw the re-christening of the German submarine U. C-5 as the U-Buy-A-Bond and heard Secretary of the Navy Daniels deliver an address on the country's naval activities.

"Some months ago the American people were gratified," said the secretary, "to read in the morning papers that a number of American destroyers had appeared 'over there.' It had not been announced, but the navy, ready to send its last ship to the place where it can make itself felt most in the struggle had seen that the best antidote for the submarine was the destroyer. When this company of brave soldiers, manning these destroyers arrived in the waters around England the British admiral speaking to the commanding officer said:

"How soon will you be ready?" The answer was "We are ready now," and this answer echoed around the world.

"I see today that in France the soldiers have contributed more than \$3,000,000 to buy liberty bonds, ready to finance their own campaign if we do not finance it for them. Let us every one count it a privilege and an honor to send a message Saturday to France and to our men on the seas that America is behind you to the last man and to the last dollar and it will nerve them to bring an early victory and an enduring peace."

"DO YOU RECHRISTMAS SHIPPING EARLY?"

CHICAGO, Oct. 25.—"Do your Christmas shipping early!" This is the new slogan for every one with a personal as well as patriotic interest in American sailors and soldiers at home or abroad as insisted upon by W. I. Denning, general superintendent of the railway mail service. The Yule tide is just two months distant. To make certain that packages will reach the boys in France November 15th is given as the last day for mailing, and even this leaves room for the chance that the shipment will arrive after Christmas has passed. Better ship even earlier, Mr. Denning said today. Shipments for contingents should have a full ten days for transmission.

Parcels for shipment to the Allied countries must be plainly addressed. They must not, under French regulations, weigh more than seven pounds, and must be so packed as to be easily opened by the postmaster.

OFFICERS WILL STAGE FOOTBALL GAME

ROCKFORD, Ill., Oct. 25.—Officers of Camp Grant, Rockford, and Camp Custer, Battle Creek, Mich., will meet on the football field on Thanksgiving day. An effort will be made to obtain Stag Field, Chicago for the game. General Thomas H. Barry, commander of Camp Grant, has accepted in behalf of his officers a challenge from Major General Dickinson, commander of Camp Custer.

It is probable that another game will be scheduled for the same day between officers of Camp Dodge, Des Moines, and Camp Grant officers.

RECENT NAVAL ACTION IN THE BALTIC

Helsingfors, Tuesday, Oct. 23.—There has been no naval action in the Baltic or the Gulf of Finland during the last two days. The Russian fleet is guarding vigilantly the entrance to the Gulf of Finland. It is not believed that Helsingfors is menaced by the German submarines of the Gulf of Riga. No measures of evacuation have been taken except that the families of officials have been advised to leave the Finnish capital owing to the scarcity of provisions.

ROBBIE KILLED

Bellingham, Wn., Oct. 25.—Earl Spurgeon was killed and his brother Ray was captured by citizens today after the two had held up the Farmers and Merchants State Bank at Edison near here and fatally wounded Patrick Halloran, president of the bank and endeavoring to escape with \$1,500. Halloran died this evening.

OUR BOYS IN CAMPS MUST BE PROTECTED

Secretary of War Baker Addresses Boston City Club

Asserts Whole Moral Life of the Nation Will Be Lowered Unless a Network of Protection Is Thrown About Our Boys in Camps.

Boston, Oct. 3.—Unless a network of protection is spread around the soldiers in communities adjoining the war camps, the whole moral life of this nation will be lowered and there will be a wide extension of social diseases, said Secretary Baker of the war department in an address at the City Club today. The secretary spoke before the Boston campaign committee of the war camp community recreation fund, which is shortly to start a drive for \$200,000 of New England's quota of \$700,000 for the fund.

"We cannot afford such calamitous national waste as to take a million young men out of their homes in this country and corrupt them and then when the war is over send them back home less fine than they were when they came to us," said Secretary Baker. "Every now and then we hear (I don't know anything about the truth of it) that our adversary in this war has been sending germs around to inoculate the people with disease, and using that as a means of warfare."

"But we may do it if we are not careful. If we take a million young men out of their homes and simply throw them together haphazard and give them no consideration, leaving them to find their way in these untold problems, and then when this war is over, scatter those young men over the country, with all the things they have learned and ought not to have learned, we shall have lowered the whole level of the moral life of this nation in a way that we cannot afford to do. As a consequence of that, there is thrown upon our cities and villages, thrown upon our ordinary citizens the great task of making the environment of military camps wholesome and stimulating."

"Our soldiers when they get away from camps become boys away from home and the question of what becomes of them is one of the most tremendous problems we have in every point of view. It is tremendous from a moral point of view. If he is sick in mind or morally sick he affects prejudicially the whole atmosphere of the military contingents of which he is a member."

"The only kind of an army that is fit to represent the United States when our country is starting out on an enterprise characterized by lofty and idealistic motives, must be made up of young men of a choice quality of body, mind and spirit, so that the thing is highly important from a military point of view."

"The value of experience when our army was mobilized on the Mexican border was very great because when we came to mobilize this new army and to ask the mothers all over the country to let us have their sons and to put them in our hands for training and safe keeping, the obligation to those mothers, as well as the obligation to the boys themselves was to see that this new army should be surrounded by a wholesome environment."

300,000 MEN NEEDED IN SHIP YARDS

WASHINGTON, Oct. 25.—An organized effort has been started by the shipping board to draw sufficient labor to the ship yards of the country to place all plants on at three shifts a day basis to carry out the great government shipping program. Estimating that there are now approximately 200,000 or more employees in the yards engaged on government work the board believes 300,000 more are needed to insure that at least between five and six million of additional tonnage can be off the ways by the end of the calendar year 1918.

The board has the ship yards and the material but so far lacks adequate labor. It hopes to fill that deficiency by holding out allurements that will attract to the yards labor that ordinarily would not drift to them. Schools for training men already are in operation.

DICKSON TELLS OF CAUSE OF RACE RIOTS

EAST ST. LOUIS, Ill., Oct. 25.—Failure of authorities and business men of East St. Louis to take precautions after the race riots last May was given by Adjutant General Frank S. Dickson of Illinois as the chief cause of the July riots in his testimony here today before the congressional investigating committee. Sending troops after the riots began was like locking the door after the horse was stolen, he said. He testified that he arrived after the riots were over.

General Dickson said that he had 1,411 soldiers on the scene. Of this number, he said, 558 had seen service on the Mexican border, 448 had been in service two months and 405 only a few days.

PARLIAMENT MEMBER'S WHEREABOUTS UNKNOWN

London, Oct. 26.—The Daily Mail's Sinn Fein correspondent telegraphs that there is no news there of the whereabouts of Professor Edward De Valera, member of a Parliament for East Clare who was quoted in the house of commons a day or two ago as having been inciting revolution in Ireland and there is growing anxiety as to his movements. It is possible says the correspondent that he will be found in Dublin whither the most militant and pacific leaders in the west and south have gone to attend the convention.

MILK PRODUCERS SET NOVEMBER PRICE

ELGIN, Ill., Oct. 25.—The Dundee local of the Milk Producers Association this morning decided not to make any demand for a November price as an organization. Members who attended the meeting decided to ask, as individuals, \$3.71 a hundred pounds for the month. The October price is \$3.42.

The Dundee local is the first in the Elgin district to vote on November prices and it is the first time in years that the farmers were instructed to act as individuals in dealing with the big buyers.

The action follows the indictment by the Cook county grand jury for conspiracy of the five members of the milk board of the association.

STATEMENT REVIEWS WORLD FOOD SITUATION

Hoover Asserts U. S. Must Stimulate Food Production

Economies Urged to Increase Country's Wheat Surplus to 150,000,000 Bushels—Pork Production Must Be Increased.

Washington, Oct. 25.—In a statement tonight reviewing the world food situation Food Administrator Hoover said the fight against the submarine would be won if the United States and Canada could stimulate production and effect economies so as to feed the allies from this continent without sending a ship farther afield than the American Atlantic seaboard. Sheep, wheat, and hogs are the great needs emphasized by Mr. Hoover. He said deep-seated concern had been caused by the fact that in spite of high prices the country's pork consumption had increased during the war until production had been outstripped, a situation that must be changed.

"Pork products have an influence in this present world situation wider than one ordinarily attributes to them," said Mr. Hoover. "The human body must have a certain amount of fat; we must increase production of hogs if we are to answer the world craving."

As to wheat he said the allies' deficiency of production is 196,000,000 bushels with imports of 577,700,000 bushels required to maintain normal consumption. He estimated the aggregate American, Canadian, Australian, Indian and Argentine export surplus at 700,000,000 bushels, but pointed out that lack of shipping makes it necessary for this country and Canada to bear the burden of meeting the allies' deficit.

Placing the United States' wheat export surplus from this year's crop at 80,000,000 bushels and Canada's at 150,000,000 bushels, Mr. Hoover urged economies to increase the country's surplus to 150,000,000 bushels. If peace should come Mr. Hoover said large numbers of ships would be released and European wheat production increased. If climate conditions next year are right, he estimated a wheat crop in this country of one billion bushels. For this the food control law guarantees a minimum price of \$2 per bushel. The administrator said pork products were more vitally needed by the allies than beef. In view of the European situation and the American shortage in hogs, he pointed out there would be a high average price for pork products and therefore it would be to the vital advantage of every farmer to raise hogs.

WAR HAS JUST BEGUN—NORTHCLIFFE

KANSAS CITY, Mo., Oct. 25.—Discounting recent reports of internal disruption in Germany as signs of the weakening of that nation in the war, Lord Northcliffe, British editor and publisher, and head of the British war mission, today told 200 editors of seven of the middle-western states at a luncheon given here in his honor that the war had just begun. "It is impossible that this should be a short war," he declared. "While it is possibly true one-third of the German population has become sickened of war, two-thirds are firm in their conviction that the war is being prosecuted successfully."

CAMP DODGE READY FOR LAST INCREMENT

CAMP DODGE, Des Moines, Ia., Oct. 25.—With all organizations now in their permanent quarters, everything is in readiness to receive the third and last increment of men making up this division of the first national army. Construction officials announced today that the cantonment is now ready to properly quarter the men and officers of the quartermaster's corps, say plenty of clothing and blankets are on hand to care for the comfort of the recruits.

The third increment probably will report November 3, but as railroad schedules have not been made out yet it is impossible to anticipate the exact date.

RUMORS ARE DENIED

London, Oct. 25.—In the house of commons Lord Robert Cecil minister of blockade, categorically denied rumors circulated by Germany that the Western powers were contemplating a separate peace at the expense of Roumania.

KAISER WILL NOT CONSIDER MICHAELIS' RESIGNATION

Amsterdam, Oct. 25.—Despatches from Berlin say that the German emperor does not consider the resignation of Dr. Michaelis as chancellor necessary and that it is probable Michaelis will remain in power.

FRENCH FORCES CONTINUE ADVANCE

Gen. Petain Now in Sight of Important Railway Junction

Laon, Objective Sought for, is Eight Miles Distant—More than 12,000 Prisoners Taken Since Drive Began—2,000 Captured Thursday.

The French forces in the Aisne region continue to develop their success of Tuesday where they made a rapid advance over a front of about six miles, capturing important German positions and thousands of prisoners.

Following minor successes of Wednesday the French again attacked Thursday along the entire line, forcing the Germans to abandon Monkey Mountain, east of Vauxailon, the village and forest of Pinon, the village of Pargny-Blain, on the extreme east of the line and numerous fortified farms and other points of vantage.

The latest drive of the French brings General Petain's army within sight of the important railway junction of Laon, the objective sought for, which now is a scant eight miles distant. Large quantities of war stores were abandoned by the enemy in their retreat and additional guns and prisoners were captured. The number of prisoners taken since the drive began now exceeds 12,000, more than 200 of whom are officers. Two thousand of the prisoners were taken Thursday.

An indication of the rapidity with which the drive has been carried out is the total number of guns the Germans were forced to leave behind them. These amount to 120 among them several howitzers and several hundred small caliber pieces.

On the 25 mile front running from Monte Ronbon to the Bainsizza plateau the battle between the Austro-German forces and the Italians apparently is growing in intensity with the Austro-Germans the aggressors, but with the Italians stubbornly resisting everywhere.

Altho the German war office asserts that gains have been made at various points along the line, the Italian official communication does not concede any losses except on the east bank of the Isonzo south of Monte Ronbon. To the contrary this communication asserts that on the Bainsizza plateau where the Germans had announced successes, and on the west slope of Monte San Gabriele enemy attacks were repulsed and that the Italians even took several hundred prisoners.

Not alone does the German war office assert that the Italian line barring the way to the valley of the Piave basin and to Tolmino was over run and that positions also were captured on the Bainsizza plateau, but that large quantities of booty were taken by the Austro-Germans and that more than ten thousand including divisional and brigade staffs.

While the operations on the Ypres sector of the front in Flanders continue to be carried out mainly by the artillery with the British and French guns hurling the great weight of metal, the Germans have launched another strong counter-attack south of the Houtholst forest where the British and French armies have joined hands. Again this attack met with repulse.

In intense air fighting Wednesday night the French airmen shot down or forced to land in a damaged condition twenty five German planes. The retirement of the Germans on the northern Russian front continues. The enemy now is back as far as the Rosten-Turkmen line, approaching the Dvina river region. Behind them the Germans are destroying everything on the fifteen mile front over which they are retreating.

In the Gulf of Riga the Germans have attempted a further landing on the Werder peninsula in order to harass the Russian right wing, but were stopped by the Russian fire, possibly in view of the operations of German naval units at the head of the Gulf of Finland, the civil population is evacuating Kronstadt, the Great Russian fortress and naval base near Petrograd.

WILL MAKE RECAPTURE OF RIGA IMPOSSIBLE

PETROGRAD, Oct. 25.—It is considered in well informed military circles here that the object of the German withdrawal beyond the Dvina is so to consolidate the defence of Riga as to make its recapture impossible. The enemy also is shortening his Baltic front by about thirty miles, rendering useless positions of the Russian army on which much work had been expended and necessitating the establishment of other positions closer to the enemy's new line.

FRENCH MILITARY CHAPLAIN SPEAKS

KANSAS CITY, Oct. 25.—Captain George F. Lauga, French military chaplain, declared tonight in a talk before the national convention of the Christian church here that Europe would be forced to look to the United States for material aid and men to further Christianity at the end of the war.

The convention today voted to add 1,000 missionaries to their forces.

DORO RETAINS TITLE

New York, Oct. 25.—Alfredo D'Oro of Cuba, holder of the world cushion billiards title, successfully defended the title by defeating John before New York, the challenger in the last block tonight 50 to 42. The total score for the match is D'Oro 150, Doro 129.

D'Oro's high run tonight was 6; Doro's best was 5.

PEORIA MAN INDICTED UNDER ESPIONAGE ACT

PEORIA, Ill., Oct. 25.—Robert H. Kauffman of Lacon, Ill., is the first man to be indicted by a federal grand jury under the espionage act. A true bill against him charging him with "attempting to cause insubordination, disloyalty, mutiny and refusal of duty in the military forces of the United States" was returned late yesterday afternoon.

The same grand jury returned an indictment against Joseph Dooley, former postmaster at Canton, Ill., charging embezzling mail matter. In all forty one indictments were returned, among them a number under the Harrison anti-narcotic law.

WILSON ENDORSES WOMAN SUFFRAGE

President Thinks It An Immediate Issue in Every State

Addresses Delegation of New York Women at White House—Election to Be Held in That State Nov. 6th.

Washington, Oct. 25.—President Wilson today gave full endorsement to woman suffrage as an immediate issue in every state. Addressing a delegation of 100 leaders of the New York State woman suffrage party who called at the white house to obtain an expression in support of the campaign in that state, the president declared woman suffrage is one of the fundamental questions of democracy proper settlement of which is demanded by issues of the war. He praised the spirit, capacity and vision of American women in the war.

"I believe," he said, "that just because we are quickened by the questions of this war we ought to be quickened to give this question of woman suffrage our immediate consideration."

Speaking as "one of the spokesmen of a great party," he pledged his hearty support and added:

"I want to speak for myself and say that it seems to me this is the time for the states of this union to take this action."

Explaining his leaning toward suffrage as a state rather than national issue, he said:

"I perhaps may be touched a little too much by the traditions of our politics; traditions which lay such questions almost entirely upon the states, but I want to see communities declare themselves quickened at this time and show the consequence of the quickening."

The suffrage delegation returned to New York tonight confident that the present enthusiastic endorsement would have its effect at the election Nov. 6. Special significance was placed by many of the New York delegation on the fact that the president's advocacy of suffrage had not been affected by the articles of militant suffragists of the woman's party. The recent defeat of suffrage in Maine was ascribed by some workers as due to unfavorable impression created by the so-called pickets.

Officials of the national American Woman Suffrage association declared their future plans will be determined largely by the New York results.

If suffrage carries, they said, suffrage campaigns would be started within the next year in many states. If New York and Ohio where there also is to be a vote next month defeat suffrage, efforts may be centered on the federal amendment pending before congress.

A program will be determined at the convention here Dec. 12.

MAKING EFFORTS TO SOLVE SUGAR SHORTAGE

NEW YORK, Oct. 25.—Efforts to solve the problems resulting from the world sugar shortage began today with conferences by the international sugar committee headed by George Rolph, chief of the sugar division of the federal food administration and the American Sugar Refiners' committee, James S. Post, chairman. The conferences will continue several days.

Half of the purchase of 100,000 tons of Louisiana raw sugar half to be refined in the south and half in the north, Mr. Rolph said and the first shipment probably will start from New Orleans the first week in November.

A sugar crop of 3,000,000 tons is expected from Cuba this year, he said.

NOTHING TO CONFIRM RESIGNATION.

London, Oct. 25.—Nothing had come from any source up to early today confirming the report of the resignation of Dr. Michaelis, the Imperial German chancellor. The London newspapers either ignore the report or print it inconspicuously.

A despatch from Amsterdam says everything published concerning the position of Chancellor Michaelis is based on supposition.

WILL DISCUSS FATE OF ROMANOFF FAMILY.

Petrograd, Oct. 25.—The Russian preliminary parliament, according to the newspapers shortly will discuss the fate of the Romanoff family, now imprisoned near Tobolsk, Siberia. Particular attention will be paid to the question of the eventual banishment abroad of the former emperor and his immediate relatives.

URGE UTILIZATION OF RIVERS

Washington, Oct. 25.—Plans for greater utilization of navigable rivers to relieve railroads of war strain soon will be entrusted to a waterways commission of seven members to be named by President Wilson.

POSTMASTER GENERAL EXPLAINS NEW LAWS

Scope of Acts Insofar As They Affect Postal Service

Burleson in Letter to Publishers Shows How Laws are to be Enforced Against Disloyal Publications.

Washington, Oct. 25.—The scope of the espionage and trading with the enemy acts insofar as they affect the postal service and how they are to be enforced against disloyal publications are explained at length in a letter to publishers made public today by Postmaster General Burleson. As interpreted by the postoffice department, the acts make it unlawful for any person, firm, corporation or association to mail or to transport, or carry or otherwise publish or distribute during the war any printed or other matter:

1. Advocating or urging treason, insurrection, or forcible resistance to any law of the United States.

2. Conveying false reports or false statements intended to interfere with the operation or success of the military or naval forces of the United States.

3. Intended to cause insubordination, disloyalty, mutiny, or refusal of duty in the military or naval forces of the United States.

4. Intended to obstruct the recruiting or enlistment service of the United States to the injury of the services of the United States.

5. The circulation or publication of which involves the violation of any of the numerous other provisions of the espionage act but which are not of special interest to publishers.

6. Printed in a foreign language containing any news item, editorial or other printed matter respecting the government of the United States or of any nation engaged in the present war, its policies, international relations, the state or conduct of war, or any matter relating thereto unless the publisher or distributor thereof on or before offering the same for mailing, or in any manner distributing it to the public has filed with the postmaster at the place of publication a true, complete translation of the article.

7. Referred to in the preceding paragraph for which publishers have been granted a permit to circulate, free of restrictions named therein, but which does not bear at the head thereof in the English language the fact that such a permit has been granted.

The Associated Press is exclusively entitled to the use for republication of all news dispatches credited to it or not otherwise credited in this paper and also the local news published herein.

Henry Ford's son has been denied exemption. Being a rich man's son did not help him before the selection board.

Under new rules of the war department officers and men cannot send even their families cablegrams announcing their safe arrival "over there."

President Wilson has, by proclamation, declared next Sunday, October 28, a day of prayer for the attainment of the nation's aims and ends.

In the state capital grounds at Harrisburg, Pa., Thursday, an unique ceremony was observed, by the planting in the park of a tree for every former governor of that state, and one in memory of Wm. Penn.

Nearly half of the 222,776 recruits enlisting in the regular army since April 1, came from Massachusetts, New York, Pennsylvania, Ohio, Indiana and Illinois. But the other 32 states have two senators each and one of them still has LaFollette.

Many fear that the present high price of cotton may tempt the planters to return to the single crop once more. The South has prospered as never before under the diversified crop system, and nothing should induce the farmers there to abandon it, not even thirty cents a pound for the great staple of that section.

Food Administrator Hoover has a tremendous task. We presume he is doing his very best, but we venture the suggestion that if he would do some actual concrete things which would bring about immediate results, the public would greatly appreciate it.

Even the cost of making money, where it is made of paper, is advancing. It has gone up, within the last year, at the rate of \$2 a thousand sheets, owing to the increased cost of labor and materials, according to a report of the Bureau of Printing and Engraving at Washington. The United States Government has recently been compelled to pay a great deal more for the silver it uses in

coinage than formerly. When the stamp taxes are considered, it costs more to spend money than formerly.

WAR-TIME BIRTH ANNOUNCEMENT

The war is responsible for many innovations in everyday life, the latest appearing to be the introduction of a new style in birth announcements. A French "poilu" has announced in the Paris newspapers the arrival of a son and heir in the following manner: "Since 12 o'clock last Friday I am here, Pierre Louquet, of ———— Infantry, is my father, and Marie, his wife, is my mother. My name is Francois."

The superintendents of the state hospitals and the wardens and superintendents of the penal institutions will assemble in Joliet today and Saturday for the first annual conference of the Department of Public Welfare. The director and the members of the staff will also be present. An interesting program has been prepared. Governor Lowden will attend and deliver an address.

BETTER GRADE OF CORN

Luther Burbank, it doing his bit toward winning the war. He has announced the production of a new wheat of heavy yield and he promises still another variety which will be richer in gluten than any wheat now grown. Of especial interest to Illinois farmers is a report of Mr. Burbank's experiments with corn. To produce a better grade, he has been combining and crossing the old Mexican corn with the improved varieties grown in this section and he hopes in this way to get a corn that will yield heavily and make ideal human food.

TRAINS RESTORED

The state public utilities commission entered an order directing the Wabash railroad company to reinstate its regular train service between Mayeville and Pittsfield. One of the trains was abandoned some time ago and complaint was filed with the commission by residents of Pittsfield, and also the business men of Quincy, who alleged that the change in train service prevented persons living along the line from making daily trips to Quincy.

THE CHAPLAIN'S FUND

The resignation of Captain Edward Fawcett as chaplain of the Fifth Illinois infantry is now said to be merely the natural result of the disintegration of the regiment. He may be sent to France. All depends upon the adjutant general of the army at Washington. The chaplain's fund, which Jacksonville contributed liberally, will be safeguarded in any event in the interest of the donating towns.

THE NEWLY RICH

The richest man in England today is one whose name is little known to the general public and who before the war was scarcely known at all outside of business circles. He is Sir John Ellerman, the controller

of numerous shipping lines, whose fortune has been estimated at close to \$175,000,000. Just now he spends most of his time advising the Government on shipments. He is but little more than 50 years of age, has had a remarkable career. Starting life in a small way as an accountant, he now pays more income-tax than any other man in the United Kingdom. His income is estimated at \$15,000,000 a year.

A SCRAP OF PAPER

State President Frank H. Farrington, of the miners organization has addressed a letter to the miners in which he urges all members of the union to stand by the agreement, which does not expire until March 31, 1918. The miner leader urges members of the union to do their full duty in time of war, because if they do not the union will perish by reason of discredit brought by failure to act righteously in the great crisis. President Farrington warns the miners that if they act without regard to obligations of the nation, the public and the union, it is inevitable that the organization will be crushed by the burden of opposition. He says: "We should not think that a joint agreement entered into in good faith by our union is a mere 'scrap of paper' to be torn up and cast to the four winds as may suit the whim of those who do not seem to understand their responsibilities."

THE WORD OF GOD

There is a real famine for the "Word of God." Two continents have been searched to find enough pocket testaments to furnish the soldiers who will constitute the new American army. But they cannot be found—and it's a question whether they can print them fast enough to get them to the boys before they go to France. The presses of the American Bible society are running sixteen hours a day, and they have turned out nearly half a million copies of the testaments since May 1. But they still have immediate orders for 300,000 testaments—and the Young Men's Christian association alone wants 1,000,000 copies of them at once. These facts are pointed out by the Rev. Charles Stelzie, the famous preacher and writer.

RAILROADS ARE

DOING THEIR BIT
The Railroads are doing their bit to relieve the sugar shortage. Telegrams just received from the Sunset Central, the Texas and Pacific and other Railroads in the sugar cane belt state that a sufficient number of cars is being placed in the cane growing territory to handle the entire cane crop. Hundreds of cars have also been moved into the northwest to protect the sugar beet crop which is already moving. An adequate supply of cars is also on hand to move the northwest potato crop. In Texas the railroads are bending every energy to protect the cattleman from loss of live stock because of drought. Thousands of heads of cattle were moved from eastern Texas last week into more fertile pasturage and hundreds of stock cars are now being rushed into the southwestern part of the state in order to make possible a similar movement of cattle there.

SCIENTISTS AND THE WAR

There is no encouragement for a so-called "conscientious objector" in the language of the discoverer and founder of Christian Science, Mary Baker Eddy, said John Ashcroft, first reader of the First Church of Christ, Scientist, in a formal statement on behalf of the board of trustees. In his statement Mr. Ashcroft clearly outlined the attitude of Christian Scientists toward the war. Significance and point are found in the declaration, in view of a recent effort made by a man to be exempted from military service on the claim that the creed of the Christian Scientists forbade him to engage in warfare. There are about 5,000 Christian Scientists in St. Louis. A number of them, including Ashcroft's own son, are serving with the colors.

IN THE MOVIES

Jacksonville "boys" at Camp Logan, Houston, Texas, will be shown in motion pictures at an early date. Under authorization of the War Department, the Southern Pine Association of New Orleans announces that it has arranged for the distribution throughout Illinois and neighboring states of a special production showing life at Houston, where the former Illinois National Guard is now undergoing final instruction for service abroad. The pictures will include close-up views of the troops at work and play, athletic events, some individual "shots" at commanding officers, companies and regiments grouped, and other interesting features.

It is the intention of the War Department to give parents and friends at home a comprehensive idea of just how their boys are cared for by Uncle Sam.

Rippling Rhymes
By WALT MASON

TRAITORS.
Disloyal traitors still abound, and, in my watchful waiting, while I am peering around, I hear the traitors traifing. Oh, some of them are humble guys, and some have higher places, who push unpatriotic lies thru never-resting faces, I hear them in the blacksmith shop, where smoke and soot blow o'er 'em; ar' then again I hear them yawp in some of the forum. Some of the traitors mean no harm, but wish to draw attention, and so they're boosting peace's charm with zeal too coarse to mention. And some just let their jawbones play because that's their ambition; and some, perhaps, draw Prussian pay for dealing in sedition. No other warring nation thus would stand for all this treason, would let the traitors rant and cuss without a rhyme or reason. The traitors gait and traitors small, obscure or bearing titles—they'd back 'em up

against a wall and shoot them thru the vitals. I hear them yawp, where'er I am, these pestiferous gadders! How patiently our Uncle Sam endures his nest of adders!

THIS DATE IN HISTORY

October 26, 1848—"The Pioneer," a locomotive of the Galen and Chicago Union, made its first trip, from Chicago to Sand Ridge, now Austin.

THE STYLES, QUALITIES and PRICES OF LADIES' FURS shown by FRANK BYRNS' Hat Store please both the wearer and buyer.

Social Events

Cave Dinner for Cousin

Misses Annie and Emma Boyce of East State street gave a dinner Thursday in honor of Mrs. J. J. Terrell of Holden, Mo., who is the guest of Mrs. C. M. Hart of West College avenue and other relatives. The guests were all cousins of Mrs. Terrell. A most enjoyable day was spent. Those present were: Miss Annie Boyce, Miss Emma Boyce, Mrs. E. Fox, Mrs. L. Trotter, Sinclair, Mrs. Whipp, Petersburg, Mrs. J. W. Arnold, Arnold, Mrs. C. M. Hart, Mrs. R. M. Wakely, Mrs. J. J. Terrell.

Helping Class of Hebrew Church Entertained

The helping class of Hebrew church held its regular meeting at the home of Mrs. Chester Wilson Thursday afternoon. There was a large attendance of members and an interesting program was carried out. Following the program the hostess served refreshments. The next meeting will be held with Mrs. Thomas Brown, Thursday Nov. 8. The program—Song—What a Friend. Prayer—By the Teacher. Scripture Reading—Mrs. Louis Ward. Reading—Mrs. Abbie McDowd. Missionary Tract—Mrs. Annabel Swain. Story—Miss Anna May Wilson.

Entertained Ruth

Mrs. Mary Ausmus of Pisgah entertained the Ruth Missionary Society at her home Thursday afternoon. A very interesting program was given. The Devotional Exercises were led by Mrs. Molly Harris. A paper on "Modern Handicap" by Elsie Lukeman; paper on "Management of Household Duties" by Mrs. Mary Ausmus. Roll call was answered by "Favorite Recipes." Delicious refreshments were served during the afternoon and a social time enjoyed.

Oyster Supper at Yatesville

Mr. and Mrs. W. H. Yancy of Yatesville entertained about sixty of their friends at an oyster supper Wednesday evening. Music was furnished by Thad Grady, Harry Stubb, Carl Yancy and LeVina Stice, and this feature was thoroughly enjoyed by those present. A tempting menu was served, including oysters and many other good things to eat. The company included Moses Flynn and family, John Henderson and family, Thad Grady and family, Mike Cashion and family, K. Green and family, David Thier and family, Olly Means and family, Mr. and Mrs. Ollie Moore, Edward Farmer and family, Mr. and Mrs. George Pettit, M. E. Amador, Carpenter, Mr. Decker, Harry Smith, Luceta and LeVina Stice, John Parrott, Misses Grace and Hulda Parrott of Bath, Mrs. Thomas Hanning and sons, Mrs. John Young and daughter of Ligon, Mrs. and Mr. Yancy and children.

Mrs. Wadsworth Hostess

Miss Mary Wadsworth was hostess at an informal affair Thursday afternoon at her home on West State street. It was in the nature of a knitting party, in honor of Mrs. Louis Eaton, formerly Miss Margaret Ayers of this city. Mrs. Eaton came recently from her home in Boston for a short visit with friends in this city.

Westminster Women

The women of Westminster church held their usual Red Cross sewing Thursday afternoon at the home of Mrs. J. H. Russell on Caldwell street. The ladies have been devoting one day each week during the summer to the Red Cross work and have completed a large number of useful garments and articles. Among the articles reported as completed are seventy-two convalescent robes, several dozen napkins, eighteen bed socks and a number of hot water bag covers.

LARGE FIELD OF GRAPES

Mrs. G. B. Andre has returned from a sojourn at Mattewan, Mich., where her husband's fruit farm is located. Mr. Andre had 50 acres of grapes this year which yielded right at 100 tons of fruit, which he sold to the Armour Co., who have a plant for making grape juice within a half mile of the farm. Mr. Andre says one man in one day picked 100 crates of grapes. The grapes are of the Concord variety and the price received makes them a profitable crop this year.

For Sale—Good peaches for canning, \$1.50 per bushel. Cannon Produce Co.

P. J. WOULFE A SUCCESSFUL FARMER

Some Interesting Facts Concerning His History and Methods.

The question is often asked, why is it that some men remain renters all their lives while others, beginning with nothing, come to own good farms, and the question may be variously answered. Sometimes sickness in the family, misfortune in the way of disease among animals, or bad years or other causes will keep a man down, and then often too it is caused by simply neglect and inattention to business. Any person visiting the farm of P. J. Woulfe near Davis Switch would have the question answered in a very satisfactory manner. Mr. Woulfe was born in County Clare, Ireland, near the city of Limerick and was the son of William and Mary Hennessey Woulfe. He remained on the old sod until he was 24 years of age, when he decided to say goodbye to parents, friends and native place and seek his fortune in the new world. It was hard to do this, hard for those he left behind and hard for the young man who was starting out with but little more than an honest character, stout hands and determination to win his way honestly and with industry and perseverance.

Worked for Wm. Morken
Mr. Woulfe came to this country and first went to work on the farm of William Morken where he worked two summers. He then married Miss Bertha McGuire, one of the most sensible things he ever did, and moved to Brown county, where he remained four years, still a tiller of the soil. He then came back to this country and rented the Davenport place near Franklin for a year. William R. Routh heard of the young man and had a place he wanted him to take, so located him on the farm of 160 acres near Davis Switch, and there the young couple went most industriously to work. Mr. Woulfe was of course glad to rent from a good landlord on a good farm but he chose to own the place himself and while Mr. Routh was not very willing to sell, he had a great estimate of the enterprising young tenant and so let him have a deed to the place. Mr. Woulfe has been there twenty two years and has been the owner for a little over half that time. His family consists of three sons, Earl, Leo and Henry, the latter in school in the city at Routh college and the others farming. He has four daughters, May, Mrs. James Sang of Peoria; Aileen and Leona, twins, stenographers for James McCoy grocer in Peoria, and Miss Irene at home.

Mr. Woulfe's home is a model place, a pleasant house well furnished and neat. Mr. Woulfe has no grudge against implement dealers and wishes them all success for he says they have always treated him well, but at the same time he does not like them well enough to leave his implements and tools out doors but on the contrary houses everything of that kind from big wagons to hand tools. As soon as he is thru with a plow the bright parts of the metal are greased and put away and the same is true of all other implements and vehicles on his farm, and the result is not hard to see.

Good Yield of Corn
Mr. Woulfe pointed to a cornfield with considerable pride and said he expected about 90 bushels to the acre from that field. He has a novel arrangement for breaking up sod, which this field was. He has a small mould board clamped on a shaft and placed in front of the regular mould board of the plow. This advance tool cuts the sod thin and turns it over, then the plow following turns over the loose dirt on top of the sod, leaving an ideal bed for seed. Then this is thoroughly pulverized and prepared for the seed and after the corn comes up it is thoroughly cultivated, altho a field like that will not be very weedy.

For corn seed Mr. Woulfe has developed himself a cross between Reid Yellow Dent and a larger ear which he thinks may be Leaming, and by this means has the advantage of both. The Reid Yellow Dent is a hardy ear of corn that it is difficult for animals to eat it, but by this cross he obtains a larger ear with the good qualities of both, and which he likes very much. Ordinarily he raises but two crops of corn on a field in succession and then small grain and clover. He gets the best results from drilling clover seed in with oats and seldom puts it in any other way, altho if he does so on wheat he harrows it both ways, which is better than leaving it untouched. Hard wheat is his preference and his oats seed he gets from Iowa, a very early ripener, being ready to harvest even before the wheat, which is quite unusual.

Prefers Poland Chinas
For hogs Mr. Woulfe still sticks to the Poland Chinas and he says he has succeeded in getting back to the large frame, large boned, stalwart hogs of days gone by which made the Poland China such a superior strain. W. W. Carter is a breeder much esteemed by Mr. Woulfe and he gets considerable breeding stock from him and takes the usual care to avoid inbreeding. He uses the movable sheds for his sows with little pigs and feeds the breeding sows carefully with slops and milk and also has coppers and ashes and other preventatives of disease. He generally tries for but one litter of pigs in the early spring and as soon as weaned he puts them on clover and gives them milk with a little corn and when the clover is gone he then begins to feed for fattening and uses a little slop and also medicine as seems best. In that way he has healthy animals which he turns off when they are 10 months old and gets a weight of 275 to 300 pounds.

For cattle he prefers the Short-horns and raises some calves by hand, taking them from the cows in a few weeks and feeding them with calf meal especially prepared until they are old enough to eat grain. He also gives them milk until fall. He then roughs them thru the winter with hay, fodder and coarse feed without grain, but takes great care

Listen! Do You Know

That the new NASH SIX is the most talked of car of this season. NASH is the new car slogan.

NASH sales thus far, have so far surpassed the production that it has already become necessary for us to take only your order, and then guarantee delivery in order as YOUR order is given. We cannot promise many deliveries before spring, therefore it behooves you to call in—have an examination, and place your order NOW so as to get it when you desire.

That the NASH MOTORS COMPANY has one of the largest contracts let with Uncle Sam.

That C. W. Nash was for 4 years president of General Motors Co., who built four well known makes of cars and is now principal owner and president of the NASH MOTORS CO., of Kenosha, Wis., which was formerly the old reliable, "The Thomas B. Jeffery Co., who built quality cars for sixteen years.

From the foregoing facts, the NASH car, is the car which you should purchase. We are distributors for Morgan, Scott and part of Sangamon counties.

Call in and Examine It!

Jacobs Motor Car Co.

312 E. State St., Opp. P. O. Bell No. 2, Illinois 432

CLOSING OUT SALE

OF HIGH PRODUCING HOLSTEIN COWS
Owing to the fact that R. W. Haynes, Jr., has joined his regiment at Camp Logan, and can no longer give his attention to the farm, the undersigned will sell at the Haynes farm located on the McKinley Traction line, 20 miles east of Springfield and 20 miles west of Decatur, on

WEDNESDAY, OCT. 31, 1917

at 1 o'clock, p. m.
A SPLENDID MILKING HERD OF TWENTY COWS
Several of the cows are just fresh and the others are bred to become fresh this coming winter to King Pamela Quality, a son of the great King Quality, one of the best young sires in the country. The dam of King Pamela Quality has a semi-official record as a 2-year-old of 79 lbs. of butter and 17.315 of milk in 365 days.
These cows are now right in their prime and on tests made, members of the herd show a production of milk close to 2000 lbs. for the year. Individual daily milk production has been as high as 90 lbs. and their superior quality is further apparent from the fact that one of the cows now offered was the leading cow of the McLean County Testing Association, Miss Annie, one of the cows to be sold has a seven days butter record of 34.54 lbs., the milk amounting to 561.6 lbs., with an average test for butter fat of 6.13 per cent. The total milk production of the herd has averaged over 90 per cent.
All local Traction cars stop at Haynes Station. Sale will be under a tent if weather is bad.
This is a splendid chance to get a good milk cow for family use, and any of them would give value to any dairyman's herd. A lot of 5 and 10-gallon milk cans will also be sold.
TERMS OF SALE, CASH, but a credit of six months will be given purchasers, with 6 per cent interest, when bankable note is presented. Purchasers unknown to us asking credit will please bring latest bank reference.
Dinner will be served by the ladies of the Christian church of Illinois. All interested are invited to come and look the herd over before the sale.
SIMEON K. ECK, Auctioneer.
JOHN SHELLAR, Clerk of Sale.
R. W. HAYNES, JR., Houston, Texas.
REMEMBER THE DATE, OCTOBER 31, 1917. Take the Illinois Traction—the Road of Good Service—get off at Haynes stop.

to shelter them and give them plenty to eat of roughness and lets them run in the stalk fields and uses all other means of advancing them. He then turns them on grass in the spring and sells them in the fall. This present fall he sold a bunch 18 months old and which averaged 1140 pounds and which brought 90 per pound and had no grain whatever, which is a remarkably good showing.

Mr. Woulfe also keeps a few sheep which he says is a whole lot easier way to get rid of weeds than cutting them with a scythe or a hoe. He has the Shropshire animals and they are perfect beauties. He says in the past sheep have not been so profitable, but at present prices of wool and mutton there is good money in them. He says so far he has been troubled with dogs as he puts up his sheep at night and consequently they are safe from predatory animals.

Mr. Woulfe is a sample of what may be accomplished by industry, intelligence and good judgment. He began life with a pair of hands, an honest heart and industrious habits, and the results speak for themselves. He is now able to ride in his own automobile and while he could not think of loafing, he is not compelled to work a full hand every day on the farm.

Sweaters, select styles at prices that will please you are shown by FRANK BYRNS' Hat Store.

ORDERED TO RESTORE TRAINS.
The State Utilities commission has ordered the Wabash railroad to restore service on the Maysville-Pittsfield branch with the evening trains of the company. Last spring the company discontinued the evening connections because of the added expense alleged to be caused by the Adamson law.
This order deprived Pittsfield residents of any service at all into

the city after the Wabash west bound flyer in the afternoon. Residents of Pike county's capital if they were away from home had to stay away all night or else hire a rig and drive over from Griggsville.

The city also was badly crippled in its mail service. There was no night mail for Chicago out of Pittsfield and letters to that city and letters from there to Pittsfield were long in transit, reminding one of the old days of the stage coach. The restoration of the service will also be of great value and convenience to traveling men who travel the territory adjacent to Pittsfield.

Clarence Thompson of Arcadia came to the city Thursday to transact business.

H. P. Mays and daughter of Pisgah were Thursday callers in Jacksonville.

Fresh bulk oysters at Weber's Grocery.

G. E. Walker of the Walker Mfg. Co., came from Springfield yesterday in his Cadillac sedan.

C. F. Corrington of New Berlin attended to business matters in the city yesterday.

Clyde McAllister of Mercedosa was among the Thursday visitors in the city.

Mrs. F. R. Walbaum of the east part of the county and her guest, Mrs. Hettie Mohy of Springfield, were visitors in the city Thursday.

George Brown was among the Franklin visitors to the city yesterday, making the trip in his Paige car.

W. H. Naylor has opened a fully equipped Maxwell service station at 228 South Sandy St. He will handle gasoline, oil and accessories of all kinds.

Joseph L. Hamel and daughter Dorothy of Chicago are spending a week's vacation with the former's father, Peter Hamel, on South East street.

Mr. and Mrs. Sam Stucker of Bel-nap, Ill., returned home from a week end visit with Mr. and Mrs. Fred Keys on Kosciusko street. Mrs. Keys and her children left with them.

Mr. and Mrs. Edwin Archer and son Raymond of Curran motored to the city in their Overland car, visiting Mrs. Archer's sister, Mrs. W. I. Brown and children, returning home Thursday morning.

FUNERALS

Mayfield.

Funeral services for Miss Mary Mayfield were held from the residence near the Point Thursday afternoon at 2 o'clock in charge of the Rev. M. L. Pontius, pastor of Central Christian church. There was a large gathering of friends and relatives to pay a last tribute of respect to the memory of the deceased. The flowers were cared for by Mrs. G. E. Morris, Mrs. H. C. Clement and Miss Eleanor Thompson. Burial was in Diamond Grove cemetery, the bearers being: H. C. Clement, Arthur Vannier, G. E. Morris, John Richardson, J. H. Campbell and J. G. Reynolds.

Duckwell.

Funeral services for Bertha Fay Duckwell were held from the residence in the Ebenezer neighborhood Thursday afternoon at 2 o'clock in charge of the Rev. Ray Ragan assisted by the Rev. Mr. Cronkhite. Music was furnished by a quartet composed of Mrs. E. E. Carter, Miss Thompson, W. G. Wolfe and E. E. Carter. Mrs. Cronkhite sang a solo. The flowers were cared for by Mrs. Emma Johnson and Mrs. Chris Howard. Burial was in Ebenezer cemetery, the bearers being: Arthur Acom, Charles Tuke, Chris Howard and Richard Leake.

WHITE RESIGNS AS HEAD OF MINE WORKERS

Will Be Adviser to National Fuel Administration

Succeeded by Frank J. Hayes, Vice-President—Will Make No Radical Changes in Policy of Organization—Springfield Man is Made Vice-President.

Indianapolis, Ind., Oct. 25.—John P. White resigned at noon today as president of the United Mine Workers of America. He will be succeeded as president of the organization by Frank J. Hayes, vice-president. Mr. White will leave Sunday for Washington to assume his duties as advisor to Dr. H. A. Garfield, national fuel administrator.

John L. Yewis, of Springfield, Ill., a former member of the Illinois legislature and at present statistician of the miners' union, was to be appointed vice-president this afternoon. Mr. Hayes, the new president, who has been vice-president for seven years in announcing that there would be no radical changes in the policy of the organization, said in a formal statement:

"At this critical time I am well aware of the absolute necessity of maintaining an uninterrupted coal supply. The success of the war depends on the patriotism of the miner as well as that of the soldier. I have no sympathy with local strikes or shutdowns and shall put forth my best efforts to maintain peace in the industry. The miners are loyal to their country and I am confident that my advocacy of industrial peace and patriotism will receive their hearty approval and support. It shall be our policy to stand strongly behind the government in the present emergency."

"We are proud that the retiring president, John P. White, has seen fit to associate himself with the federal fuel administrator, for the purpose of assisting the government." In his letter of resignation to the executive board, after thanking the men for their cooperation, Mr. White said:

"Recent accomplishments of our organization have made it possible for me to relinquish the position earlier than I had anticipated. This coupled with the fact that I have been chosen as an advisor to the fuel administrator, Dr. H. A. Garfield at Washington, prompts me to the course I am now pursuing."

"The wage agreement reached in Washington recently is subject to the federal government's revision of the coal prices at the mines. I am hopeful that the government will act favorably and that its decision will become effective November 1."

Mr. White, whose home is in Des Moines, Ia., entered the mines as a trapper boy at the age of 14. He assumed the office of international president of miners April 1, 1911. His present term will expire April 1, 1918.

Mr. White, as advisor to Dr. Garfield, will deal with labor problems. The new president, Mr. Hayes, also began work as a trapper boy in the mines. He was elected international vice-president in 1910.

TELLS OF CONVERSATION WITH CONSTANTINE
 'London, Oct. 25.—A despatch to the Exchange Telegraph from Athens quotes Premier Venizelos as telling of a conversation he said he had with former King Constantine in which Constantine replying to a suggestion that Greece join the entente declared he would prefer to "commit suicide rather than go against Germany."

COLLEGE PROFESSOR THREATENS WILSON'S LIFE
 Chicago, Oct. 25.—Ewald Pietsch, a son of Dr. Karl Pietsch, professor of philosophy and language at the University of Chicago, was arrested today and arraigned before United States Commissioner Mark A. Foote on charges of threatening the life of President Wilson and desecrating the American flag.

HAS DONE HIS BIT
 Danville, Ill., Oct. 25.—"I have one son in the service in France and I have invested every cent of my ready money in liberty bonds. I was hoping, tho, that my second son would be left to me," said the father of Warren Corley, an 18 year old Millikin University student of Decatur, who enlisted here today for the aviation signal corps.

MINERS MEET IN PEORIA TODAY

Peoria, Ill., Oct. 25.—Delegates from thirty "five locals in board district No. 3, the northern field, United Mine Workers, are to meet here tomorrow at 10 o'clock a. m., to determine what action they will take over refusal of the operators to grant their demands of an advance of nineteen cents the ton.

The secretaries of the five Peoria locals tonight received telegrams from State President Frank Fanning at Springfield, saying that to order a strike at this time would be unpatriotic and threatening to revoke the charter of any local advocating a strike. Ten thousand miners are employed in the northern field.

NEGRO PHYSICIAN DECLARED INSANE

BELLEVILLE, Ill., Oct. 25.—Horace King, a negro physician charged with the murder of two white men during the East St. Louis race riots was declared insane by a jury in the circuit court here this afternoon and ordered sent to the state insane asylum at Anna, Ill. The jury ordered that he be brought back for trial in the event that he should recover his sanity. Evidence was introduced to show that King, who has been under observation at the county hospital for twenty days, suffers from a delusion that his father and his wife were killed in the riots and that efforts are being made to poison him. Physicians testified that his mind had given way under the strain during the riots.

POTATO' PRICES DROP IN NEW YORK TODAY

New York, Oct. 25.—The price of potatoes will drop here tomorrow it was announced today by the city's recently created food aid committee. More than 300 car loads will be thrown on the market, it was stated, and consumers will have to pay only three cents, a pound as compared with from four to six cents today. The new price will give the retailer a profit of \$1.50 a barrel.

CONFECTIONERS ARE ALLOWED SUGAR

Washington, Oct. 25.—Confectioners and manufacturers of syrup, gum and ice cream were partially relieved today from the drastic sugar embargo. The food administration, modifying its order of a few days ago directing that no sales be made to these interests until Cuban supplies were available now has instructed refiners and distributors to deliver to them sugar in such quantities as when added to their stock on hand will amount to fifty per cent of their normal requirements.

ZEPPELIN PRISONERS AMAZED AT SAMMIES

Washington, Oct. 25.—The presence of American troops in France caused great astonishment to the crews of the Zeppelins L-49 and L-50 brought down by the French last Saturday while returning from a raid on England. Official despatches to the state department said the prisoners declared that not one of them knew of the landing of any American expeditionary forces.

LIBERTY LOAN IN CUBA

Havana, Oct. 25.—The sale of Liberty bonds here passed the million dollar mark, the amount allotted to Cuba today, which had been designated by a decree of the president as the "liberty bond day." The Havana committee expects to increase the amount to \$1,500,000 before the close of the campaign.

RUMANIA WILL FIGHT TO END
 Jassy, Rumania, via Petrograd, Tuesday, Oct. 23.—Rumania will fight to the bitter end until the struggle for the freedom of the world and the restoration of the rights of small nations is achieved. Queen Marie of Rumania said today to the Associated Press. America's entry into the war and the aid given Rumania has renewed the strength and hope of Rumania.

ONE OF TEN ESCAPED GERMAN PRISONERS CAPTURED
 Atlanta, Ga., Oct. 25.—Paul Falg, one of ten German prisoners who escaped from the prison camp at Fort McPherson Tuesday night was captured in a grocery store tonight by a private soldier aided by a civilian. Falg offered no resistance.

CLOSE SESSIONS
 Springfield, Mo., Oct. 25.—The Farmers' National congress closed a four day session here tonight after passing resolutions urging national suffrage and prohibition and pledging support to the government in the conduct of the war.

DRAFT RESISTERS INDICTED
 Ardmore, Okla., Oct. 25.—One hundred and sixty alleged draft resisters were included in a blanket indictment of conspiring to defeat the draft which contained specific charges of firing bridges, shooting at officers and advising men of draft age not to report.

KAISER GRATEFUL FOR LOYALTY PLEDGE

Amsterdam.—The German Emperor has sent the following telegram to the Kythäuser Federation of German Landeskrieger Unions: "I beg you to transmit my thanks and greetings to the representatives of the Landeskrieger Unions for their renewed pledges of loyalty. The spirit cultivated in the Krieger clubs of joyous, self-sacrificing comradeship and death defying loyalty to Emperor and Empire has strongly approved itself in hard war time on the battlefields and at home."

"The Fatherland is proud of its young and old warriors. They will stand there against all hostile attacks and criminal attempts to introduce disunion into the ranks of the German people in arms, indissolubly bound to its ancestral purpose."

ASSOCIATED PRESS CORRESPONDENT INJURED

LONDON, Oct. 25.—A party of American journalists were on the highest rampart of the castle at Gorizia, on the Isonzo front, during a violent cannonade when a shell fell a few feet from them, burying the whole party under earth and mud, says a Reuter despatch from the Italian front. Although all were knocked down, only one, Charles T. Thompson, of The Associated Press, was hurt. He was wounded slightly in the right cheek and his injury was dressed immediately at a neighboring post.

VISITOR FROM OKLAHOMA CITY

F. J. Meek, some years since a teacher in the high school here, but for the last seven years a resident of Oklahoma City, was in the city yesterday visiting his friends for a short time. The gentleman is general counsel for the Concord Oil Co., and holds a prominent position in the metropolis of Oklahoma. His company is about to sink a number of wells and he speaks enthusiastically of conditions there. He is well acquainted with Alex McDonald, formerly of this city, and formerly a member of the pardon board, and thinks the gentleman has now been transferred to the employer's compensation board of the state.

FOR COUNTY COMMISSIONER Republican Candidate, Fred J. Scholfield, election Nov. 6.

THIEVES IN SECOND WARD.

Thursday evening when a resident of the Second ward returned home he discovered a man in his potato patch helping himself to the crop. When he asked the man what he was doing there he drew a gun and made him beat a hasty retreat. A message was sent to the police but the thief had made way with a bushel of potatoes before the officers arrived. A number of petty thefts have been committed in that neighborhood recently and citizens are preparing to give the thieves a warm reception upon their next visit.

CARD OF THANKS

I wish to thank the Hanley evangelistic campaign ladies of the Grace church for the beautiful bouquet of white carnations given me while I was sick.

Mrs. Joseph Wheeler, North Prairie St.

GEORGE FOULK MARRIED.

George Foulk, brother of Hal C. Foulk of the Dunlap hotel was married in Chicago last Saturday, according to word received by Mr. Foulk this week. His bride was a resident of Sterling. Mr. Foulk is now in the accounting department of the National Tube and Steel Co., of Youngstown, Ohio. They will reside in that city.

NO DOUBT OF IT.

Frank Rockwood of the east part of the county visited the city yesterday. The gentleman is just around on crutches now as he had the misfortune to let his right foot come in contact with a buzz saw some time ago and discovered that the saw was harder than the foot.

LOSES FINE BIRD DOG.

Oliver Coultas of the Lynnville neighborhood had the misfortune to lose a fine bird dog Tuesday. The dog was in the highway in front of Mr. Coultas' home on that day when a Ford car struck him and the dog was so seriously injured that Mr. Coultas humanely choloformed him.

Mrs. Charles Story, who has been a patient at Passavant hospital, for almost ten weeks, suffering from typhoid fever, expects to be able to leave the hospital this afternoon. She will be taken to her new home on West State street, which has just been completed.

Mr. and Mrs. Samuel Stucker have returned to their home in Belknap after a visit with Mr. and Mrs. Fred Keyes on South Kosciusko Street. Mrs. Keyes and children accompanied them for a short visit.

SINN FEIN CONFERENCE OPENS IN DUBLIN

Dublin, Oct. 25.—The Sinn Fein conference opened today under the presidency of Arthur Griffith, founder of the organization. There were 1,700 delegates, including many young priests.

The secretary reported more than 10,000 clubs had been organized with a membership of a quarter of a million. Mr. Griffith denied the Sinn Fein movement was promoted by German gold.

MILLER HUGGINS SIGNED BY NEW YORK YANKEES

New York, Oct. 25.—President Jacob Ruppert of the New York American League team announced today he had signed Miller Huggins, manager of the St. Louis National league team to manage the Yankees under a two year contract.

LARGE STORAGE HOUSE DESTROYED BY FIRE.

Springfield, Ill., Oct. 25.—Fire of unknown origin destroyed the large storage house of the Striffler Ice & Coal company here this evening at a loss of \$100,000. A thousand tons of ice, together with a quantity of steel piping and ammonia were destroyed. The thick cork walls of the storage house made the fire very difficult of control.

Oct. 22, 1917.

Hon. Frank J. Heintz,
Farmers State Bank,
Jacksonville, Ill.

My dear Mr. Heintz:

I am very glad to know that Morgan County has under advisement the matter of organizing a Farm Bureau and employing a county agent. You never would find a more opportune time than now to do so.

The Government, as well as our State, now appreciates the need of such organizations, with county agents, more than ever before; and the Government has sent extra help into this State to help out Counties that are organizing these bureaus.

The Department of Agriculture and the College of Agriculture and the National Government are all co-operating in this matter, and we have reached a point, for good and sufficient economic reasons, in our agricultural life where the Farm Bureau movement is no longer an experiment, but it is an actual necessity.

Hope you can succeed in your County in getting such an organization perfected. If this Department can help you in any way, don't hesitate to call on us.

Yours truly,

Charles Adkins,
Director.

"EDITORS" OF RAMBLER ARE A TRIFLE "PEEVED"

Recently one of the Journal reporters in making an item regarding the initial number of the Rambler, a publication issued by the students of Illinois College, attempted to be complimentary in his remarks but with dire results. Mention was made of the improved and neat appearance of the Rambler and congratulated the managers of the publication on their efforts in making the college paper an up to date organ. This word "managers" seems to have edged the nerves of some of the Rambler "editors" and the Journal recently received the following letter from "The Editors of the Rambler."

Clarence Goveia
Editor in Chief '18

THE COLLEGE RAMBLER
Illinois College
Jacksonville, Illinois

Editor Journal,
Jacksonville, Illinois.

Dear Sir:
The second issue of the Rambler will be out Friday, Oct. 19, and will be a special number. However, we do not want you to call attention to the fact, since your reporters seem incapable of stating facts correctly. The business mgr. has nothing to do with the getting out of the paper, merely collecting ads. for it. The entire work of forming it, its appearance, its policy, its general make-up, is due to the hard work of the entire Editorial Board. In fact he does not even have a vote in the Board.

We believe in credit for those who deserve it.

The Editors of the Rambler.

SOLDIER WRITES OF LIFE AT CAMP TAYLOR

MEN TAKING ON APPEARANCE OF REAL ARMY MEN.

Equipment Is Being Issued as Rapidly as Possible—All Will Be Outfitted in a Few Days—The Daily Schedule of the Company.

Camp Taylor, Ky. Oct. 22.—Morgan County's second contingent of the National Army, attached to Ambulance Co. 336 of the 309th Sanitary Train is anxiously awaiting the arrival of tomorrow night when the monthly banquet of the company is to be served.

An annex to the company's barracks has been built just across the street to the rear of the building now occupied by the company and the banquet is to be served on the first floor of this new structure. A detail of men in charge of Sergeant Myers has been busy today decorating the big room in keeping with the Halloween season, moving the piano in and otherwise arranging for the feast. The banquet is to be served at 7:30 o'clock and will be followed by a program of musical numbers and readings. This part of the entertainment is in charge of Sergeant Myers. The menu follows: oyster cocktail, fried chicken, giblet sauce, creamed mashed potatoes, fruit salad, fruits, olives, sweet pickles, cake, ice cream, coffee with cream, Rayland creme de la creme cigars, a la Camille cigarettes.

These banquets are given monthly and are financed by each member of the company giving \$1 to the entertainment fund. Part of the money is used to pay rent on the piano which is placed in the lower hall of the main barracks.

After the banquet, probably the following day, approximately fifty members of the company will move into the annex, as the building in which the 153 men composing the company are now housed was built for only one hundred men. The move will make the men much more comfortable as it will relieve the congestion which now exists.

Another thing that will add greatly to the comfort of the men is a heavy army quilt one of which was issued to each man this evening after supper.

Morgan County's forty-eight are gradually taking on the appearance of soldiers, as their equipment is being issued to them as fast as possible, and as the demand for clothing here is very great the supply is somewhat limited. It isn't always an easy matter to issue clothes that will fit the larger men. All of them have been issued shoes, socks, leggings, underwear, shirts, hats, overcoats and many of them have suits, while others are waiting to have their suits changed for those that will fit. It is expected that all will be completely outfitted in a few days.

No doubt a great many are already familiar with the daily schedule of this company, but it might be well to give an outline of it here. On week-days the men have to turn out at 5:45 a. m. and stand reveille at 6 o'clock. Breakfast is served immediately after reveille and about 7 o'clock the men are lined up to police the grounds around the barracks. Sick call is sounded at 7 o'clock and the men have the time between 7 and 8 o'clock to straighten their bunks, shave, etc. At 8 o'clock they are called out for a hike and have a lecture at 9 o'clock and another at 10 o'clock. At 11 o'clock they have calisthenics for thirty minutes. After exercises the mail is usually distributed and at 12 o'clock dinner. At 1 o'clock another lecture is given and from 2 to 4 they are drilled. At 5 o'clock all the men in this sanitary train approximately 900, stand retreat, which is the official closing of the day's work, and is an imposing sight. The lectures the men receive deal with the duties of Sanitary troops, anatomy, etc., and they are just reaching their interesting phase.

This is a mule ambulance company and a number of mules and horses have already reached the camp. A number of men are detailed each day to care for these animals.

All of the men are in good health and spirits with the exception of Lloyd Spire, who is in the city hospital in Louisville with pneumonia and he is getting along nicely.

Richard Wilding of Sinclair has been transferred to the 25th Company, Seventh Provisional Battalion. Ernest Alfred of Franklin who came to Camp Taylor with the third contingent from Morgan County has been transferred to this company.

Many of the men have been receiving cake, fried chicken, jelly, fruits and other goodies and this is just like one big family as the men share their "eats" with one another and the friendliest feeling exists among them. Harry Salby, Harold Gillham and Homer Baptist received wrist watches today from Jacksonville friends and are very glad of their gifts.

Ernest Alford made the assertion today that he hopes to get married sometime after the war is over, but that the girl he married had to be a good cook and an expert in making fruit salad. The fellows believe that he wants to start a fruit salad making contest among his lady friends in order to be plentifully supplied with that delicacy. The result of his effort remains to be seen, but there is no doubt that the majority of the men hope he will succeed as all of them have a pretty good appetite for fruit salad.

NOTICE.

Patriarchs of Encampments Nos. 9 and 19, I. O. O. F. Special meeting to arrange for the District Meeting at Meredosia. Staff Practice at Tent of Ridgely Encampment Friday night, the 26th.

Carl H. Weber, Secretary.

Copyright Hart Schaffner & Marx

WHATEVER your ideas of satisfaction are, they're good enough for us to guarantee their complete fulfillment. We don't want to sell you anything that don't come up to the standard.

'A small thing to look for'

That phrase means a whole lot when you buy clothes. It refers to the Hart Schaffner & Marx label. It stands for all-wool quality, perfect tailoring, the best of everything.

So it's a big thing to find it, because these things are the biggest thing about the clothes you ought to wear.

Fall overcoats

This is one of the new belted overcoats for fall. It's a military model, very comfortable and very stylish. We'll show you others.

Hart Schaffner & Marx Clothes

PHILADELPHIA

Mrs. Otis Mapes spent Friday and Saturday in Jacksonville.

James Winner and wife of near Alexander spent Saturday with M. A. Swartwood and wife.

Miss Eva Shafer was taken to a hospital in Springfield Monday where she will undergo an operation.

Warren Watkins left Monday for a few weeks' business trip in Kansas. W. F. Allison spent a few days last week in Galesburg attending the graindealers' convention.

W. T. Melvin and Frank Rogers were business visitors in Virginia Monday.

Miss Georgia Louden of Virginia is spending a few days with her sister, Mrs. N. Wright.

Miss Stella Shortridge of near Prentice spent Sunday with her parents, Mr. and Mrs. Ben Shortridge.

Miss Eva Thomas was a week end visitor with Miss Zella Breck near Bluff Springs.

Mrs. Frank Redding of Virginia is visiting her daughter, Mrs. Warren Watkins.

Miss Rosalie Thomas of near Little Indian spent Saturday and Sunday with her home folks.

Mrs. Ida McLin who has been quite sick does not improve much.

Genuine chili pods and peppers at Weber's Grocery.

YOUNGBLOOD

J. R. Miles and family of Virginia spent Sunday and Monday with relatives here.

William Daugherty of Union Grove spent Sunday with his old friend, Green Dalton, who is in ill health.

Richard Filkins moved to Nortonville recently and is occupying a house belonging to Mrs. Hopper. The latter will reside in Winchester with her son.

William True and family, who recently returned from Canada, are now occupying Mrs. Tom Fanning's house in Nortonville.

Rev. Wm. Antrous filled his appointment at the Baptist church Saturday and Sunday. There was but one service on Sunday, at 11 o'clock a. m., the pastor and deacons being called upon to assist in the ordination of deacons at Harts Prairie.

Ralph Downs moved to the Holland Wilcox tenant house this week. Russell Covey and family of near Franklin spent Sunday with William Covey and family here.

Highland Heather, an unusually smart OVERCOAT. Make of fabric that will give you all weather service and entire satisfaction. Sold by FRANK BYRNS' Hat Store.

Mrs. F. F. Patterson of Franklin was the guest Thursday of Mr. and Mrs. Hal C. Foulk of the Dunlap hotel.

C. J. DEPPE & CO.

Known for Ready-to-Wear

A Big Purchase of Women's Stunning SUITS for Fall.

Fifty women will secure the bargain of the year this week. One of New York's smartest makers sent us fifty of their representative models at very close to manufacturer's cost.

As an Exceptional Attraction for this week we are offering this entire wonderful lot at much less than our regular small margin of profit.

We wish to emphasize emphatically that these beautiful Suits must not be confused with those ordinarily offered at \$25.00—they compare in every way, style, tailoring and material with garments usually priced much higher.

Every woman who attends this sale will realize that it is the prime Suit Bargain of Jacksonville.

You'll Be Sorry

There is no worse folly nor one more certain of distressing consequence than to neglect a cold. If it leaves "a cough that hangs on," it threatens you with a most serious condition.

Foley's Honey and Tar gives the curative influence of the pine balsam, together with the mollifying effect of the honey and other healing ingredients. It stops the cough, eases the sore feeling in the chest, and raises phlegm easily. It imparts a pleasant feeling of warmth and comfort.

J. D. Enterkin, Winston, Ga., writes: "Foley's Honey and Tar took all the soreness away and cleared my lungs of all congestion."

Corn Pain Stopped Quick

Corns Lift Right Off With "Gets-It"

Blessed relief from corn pains is simple as A B C with "Gets-It." When you're limping around for days trying to get away from a heart-drilling corn or bumpy callus, and everything you've tried has

only made it worse, and then you put some "Gets-It" on and the pain eases right away, and the corn peels right off like a banana skin— "ain't it a grand and heavenly feeling?"

"Gets-It" has revolutionized the corn history of the world. Millions use it and it never fails. Ladies wear smaller shoes and have pain-free feet. We old fellows and young fellows forget our toes and feel frisky as colts. Everybody with a corn or callus needs "Gets-It." We will all walk about and enjoy ourselves as we did without corns. Get a bottle today from your druggist, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill. 25c is all you need to pay.

Sold in Jacksonville and recommended as the world's best corn remedy by Armstrong's Drug Store, J. A. Obermeyer & Son, and Coover & Shreve.—Adv.

HERE'S PROOF

A Jacksonville Citizen Tells of His Experience.

You have a right to doubt statements of people living far away but can you doubt Jacksonville endorsement?

Read it:
W. F. Cook, prop. of grocery, 234 N. Main St., says: "I know Doan's Kidney Pills to be good and reliable and I gladly recommend them. They always brought good results when I took them for kidney weakness or backaches. It is some time now, since I have had to take any kidney medicine, but should I ever have any more trouble from my kidneys, I would use Doan's Kidney Pills at once."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Cook had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

IDAHO WOMAN MADE WELL

Lydia E. Pinkham's Vegetable Compound Did the Work. Nothing like it.

Aberdeen, Idaho.—"Last year I suffered from a weakness with pains in my side and back. A friend asked me to try Lydia E. Pinkham's Vegetable Compound and I did so. After taking one bottle I felt very much better. I have now taken three bottles and feel like a different woman. Lydia E. Pinkham's Vegetable Compound is the best medicine I have ever taken and I can recommend it to all suffering women."—Mrs. PERCY PRESTIDGE, Aberdeen, Idaho.

Women who suffer from those distressing ills peculiar to their sex should be convinced by the many genuine and truthful testimonials we are constantly publishing in the newspapers of the ability of Lydia E. Pinkham's Vegetable Compound to restore their health. To know whether Lydia E. Pinkham's Vegetable Compound will help you, try it! For advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

INDIAN CREEK DRAINAGE CASE SETTLED, MAYBE

Judge Henshaw Handed Down a Decision Late Thursday Afternoon—Report of Commissioners Confirmed—Judge Deitrick Announces an Appeal Will be Taken to the Supreme Court.

Late Thursday afternoon Judge Henshaw of Carrollton handed down a decision in the Indian Creek Drainage District No. 2, case confirming the report of the commissioners. Following the decision Judge W. H. Deitrick, attorney for the objectors, gave notice that an appeal would be taken to the supreme court.

This is a case that has been in court for several months. It began with the first steps that were taken to establish the district. When the matter first came into court a number of land owners in Cass county filed objections, taking the stand that it was not within the jurisdiction of the court to rule on property in another county. The court decided in favor of the commissioners. A petition was then filed enlarging the district and this was approved.

The hearing at this time was on the report of the commissioners on the cost of the work and the manner in which it is to be done. Objections were made to this report and it was on this phase of the case that Judge Henshaw gave his decision yesterday.

The cost of the proposed district is \$163,000 and will embrace 4,500 acres of land. Worthington, Reeve & Green of this city and Ray Anderson of Pittsfield were attorneys for the commissioners and Judge W. H. Deitrick of Beardstown appeared for the objectors.

It is logical that pouring drugs into the stomach will not cure catarrh in the head. Hyomel, medicated air reaches the seat of the disease. Guaranteed by Coover & Shreve.—Adv.

BAKER IN STIRRING SPEECH AT BOSTON

BOSTON, Oct. 25.—Secretary of War Baker stirred an audience to enthusiasm here tonight as he spoke of preparation of the great national army of drafted men for overseas service. He was principal speaker at the annual dinner of the chamber of commerce.

"In answer to questions," said Secretary Baker, "asked by the government as to what work they wished to do, more than fifty per cent of those selected by choice, said they did not care, just so they were put in that branch of the service which would take them to France first."

"These boys want to go over the top, they not only want to fight but they want to pay for being allowed to fight."

"Things done since America entered the war have been spectacular. The national impulse has been to give. One department at Washington at the outbreak of war received an average of 200,000 letters a day. The import of these letters was much the same. They read: 'I am an artisan; I am a doctor; I am a lawyer,' and they ended: 'I want to serve.'"

PERSHING PRESENT AT FRENCH BOMBARDMENT

France, Tuesday, Oct. 25.—Midnight France, Tuesday, Oct. 23.—Midnight—By The Associated Press—General John J. Pershing, commander-in-chief of the American forces in France was present throughout today's battle northeast of Soissons, accompanied by General Franchet d'Esperey of the French army. When the splendid victory by the French had been accomplished the American commander went over the greater part of the conquered territory, visiting among other points the Vairins farm, which is more than a quarter of a kilometre beyond the original French line.

Several squadrons of tankers participated in the battle and did excellent work. It was by means of these modern war implements that the Fila farm was captured.

CAMP GRANT MEN HOLD HIGH CARNAVAL

ROCKFORD, Ill., Oct. 25.—The sixty eighth division of selected men stationed at Camp Grant held high carnival tonight when General Thomas A. Barry announced that the liberty loan subscription had reached a grand total of \$1,754,800.

All selectives in camp entered into a rousing "Liberty Day" celebration. Regimental tug of war, fifty field day events and many football games made up the big athletic program of the afternoon. General Barry led a parade of 20,000 soldiers and civilians.

Brigadier General "Patsy" Dugan, commander of the depot brigade and a consignment of automatic machine guns for immediate use arrived today.

ALLIES' REPRESENTATIVES ARE LOUDLY CHEERED

WASHINGTON, Oct. 25.—The Greek legation here has been advised by cable from Athens that the celebration held Saturday of the anniversary of the battle of Navarino gave the Greek people an opportunity to show their sincere feeling for the entente powers. Representatives of England, France and Russia, who attended the ceremony, were loudly cheered as were King Alexander and Premier Venizelos.

The entente diplomats addressing the crowds said that Greece's action in joining the allies assured the nation a brilliant future.

ITALIAN SHIPPING LOSSES

Rome, Oct. 25.—Italian shipping losses at the hands of submarines during the week ending Oct. 20 on all seas were three steamers of more than 1,600 tons and one steamer under 1,600 tons. One steamer was attacked but escaped.

Warren Blumling of Lynnvillle paid the city a call yesterday.

WILLIAM NUNES SALE LARGELY ATTENDED

Good Prices Prevailed for all Offerings—Sale Totaled About \$5,000.

The sale of the effects of the William Nunes estate attracted a large crowd yesterday and generally bidding was spirited and prices satisfactory. Jerry Cox and son Jed were the auctioneers and Charles McDonald clerk with Samuel Camm, assistant. Below are given some representative sales:

Cattle—Henry Hall a cow, \$77.65; one at \$41.50; Wm. Arnold, one at \$47.50 and one at \$67; A. D. Arnold two calves \$27 each.

Hogs—Elmer Nicholson, sow and pigs, \$46; William Nunes, 13 shoats at \$10 each, 4 at \$9.15 each and 4 at \$11 each; T. Smith, 2 sows, \$24 each, and 2 at \$12.50 each; Charles Jones, a sow at \$25.50 and one at \$20.75; William Nunes 2 sows at \$20 each and Tre Smith 2 at \$25.50 each.

Horses and mules—R. Crouse, a mare for \$100; W. Nunes and son, sorrel mare \$75; William Fuller, team blind mules \$90; William Arnold, team black mules, \$212.50; John Williams, horse, \$72.50; John Baptist, team ponies, \$40; R. Clark, mule, \$102.50; John Myers, mule, \$100; Samuel Nunes, black mule, \$27.50.

Hay brought 70 to 75 cents a bale and straw 23 cents and other articles generally sold well.

Mi-o-na stomach tablets which Coover & Shreve sell under a guarantee, end all forms of stomach ills.—Adv.

RUSH KNITTED ARTICLES

Morgan county knitters are urged by the Red Cross Knitting Committee to rush to completion all articles now partly finished in order that they may be shipped at once. On Tuesday, another shipment will be made, followed by another within a week.

Urgent appeals from Central Headquarters are coming in each day and the local knitting committee feels that the knitting must be kept up and that shipments must be made right along. It may not be generally known that while the boys going to France are the first to receive the work which passes thru the Red Cross, those receiving the next consideration are the boys in the cantonments, so that probably the most effective way to help our boys is to push the work which is going thru the Red Cross.

Those who wish their names to go in the knitted article, or who wish to enclose letters, should sew in their names or letters securely with yarn. Unless this is done the names will be lost.

All those who have yarn left over are urged to turn it in to the Red Cross. The Committee will be very glad to have any bright bits of yarn or any small balls of yarn even though not originally obtained from the Red Cross shop. These left-overs are invaluable either in finishing articles or in combining with other yarn. Morgan County knitters are again reminded to complete their articles as quickly as possible. All those having yarn from the Red Cross shop will be telephoned within the next few days.

The urgent need now is for sweaters, socks and helmets, all yarn for wristlets having now been placed.

Men's underwear that fits most any man can be secured of FRANK BYRNS' Hat Store.

LARGE CROWD ATTENDED SALE OF H. O. SMITH.

The sale of livestock by H. O. Smith at his farm near Chapin attracted a large crowd and the bidding was spirited. Good prices prevailed and the sale totaled over \$5,000. Two year old steers brought \$102 each. Yearling steers averaged from \$52 to \$56. One hundred and five hogs sold at an average price of \$15. The highest price paid was for a sow which brought \$48. Twenty-two horses were sold, the top price being \$165. Hay sold at 95 cents per bale. C. H. Taylor was the auctioneer and Alfred Brookhouse and J. E. Burnham acted as clerks. The Ladies' Aid society of Chapin M. P. church furnished dinner and were well patronized.

JACKSONVILLE PHYSICIAN SURPRISED

"Hearing of some good results from the use of Mayr's Wonderful Remedy I decided to try it on a chronic case of indigestion and gastritis I was interested in. After the first dose the patient was relieved of gas trouble and was soon able to eat radishes and most everything else he had not eaten in years. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract, and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—Adv.

ROUT SCHOOL AN INTERESTING PLACE

Wide Awake Pupils Who Interested Their Visitor Greatly.

One of the interesting places of learning of this county is the Routt school, situated four miles south of the city and taught by Miss Catherine O'Meara. The school is situated a little way off from the main road on a hill and reached by a wide lane, and is a very attractive place. They have a fine playground and some trees. The directors explained they would be glad to have more trees but the difficulty is that as the school grounds are unfenced cattle will disturb the trees, so that they have not as many as they would like, but still the supply is fairly good. The school building is well constructed with a vestibule for wraps and hats, while the interior is supplied with modern conveniences in the way of a heating plant and light in the proper manner. The directors, Messrs. P. J. Woulfe, John Costello and William Paul, are enterprising men and very willing to supply the school with what it needs. The district does not contain many children but those who are there are very bright and interesting. The school house is well supplied with pictures of eminent men and landscapes. They have a globe, dictionary, small reference encyclopedia, a cabinet organ and some books, with also maps and charts and other appliances for training the young mind.

The writer had the pleasure of a visit there recently and was very much pleased with the treatment accorded him by the young pupils. Altho not many in number they were bright and listened intently to the things he had to say to them about far away countries, and greatly to his delight they piled him with questions after he finished his talk. And in this connection he will have to say that there are three or four other schools in the county which rather excelled in that respect, and they will have to look to their laurels the next time the writer goes there if they are not to be left behind by Routt. The great pleasure of a visitor in such a place as that is close attention and then evidence of appreciation in the way of questions. The writer was invited to come again, which he will be glad to do. The pupils are: Nora Filkins, Amy Harvey, Merle Harvey, William Costello, James Costello, Leo Costello, Mary Rose Costello, John McManus, Robert McManus, Ann Elizabeth McManus, Alice Paul, Theodore Paul, Alice Winter, David Winter.

E. B. Leighton of Peoria was called to the city on business yesterday.

Don't Let Washday Be An Uncomfortable Day

Use soap that you can adapt to your comfort—not that always calls for boiling water and hard rubbing.

In winter, it's dangerous as well as uncomfortable to be stepping constantly from a hot, steamy laundry to a wash line in the cold out-of-doors.

Use Fels-Naptha. In cold weather, it works splendidly in water as warm as your hands' comfort demands. Winter or summer, Fels-Naptha adapts itself to your comfort. It's an all-season soap—just as it's the ideal soap for every washing and cleaning task.

Few Drops When Corns Hurt, Pain Stops! Corns Lift Out

Don't let corns ache twice! Lift any corn or callus off with fingers—Here's magic!

No humping! Any corn, whether hard, soft or between the toes, will loosen right up and lift out, without any pain. This drug is called freezone and is a compound of ether discovered by a Cincinnati chemist. Ask at any drug store for a small bottle of freezone, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callus. It is the most marvelous drug known.

Put a few drops directly upon any tender, aching corn or callus. Instantly the soreness disappears and shortly the corn or callus will loosen and can be lifted off with the fingers. Freezone doesn't eat out the corns or calluses but shrivels them without any irritation. Women! Keep freezone on your dresser and apply a few drops whenever a corn begins aching. Pain stops, corn goes!

THE HALLOWE'EN PARTY

Hallowe'en, with all its mysterious and superstitious traditions, is becoming more and more a night for social functions and frolic.

No doubt you are planning for it now. What gown are you going to wear?

Better look it over—perhaps it may require a little attention in the dry-cleaning way; if so, call us by phone and you will be surprised how much better it will look when we return it to you. It will be practically new again.

You need have no fear of disappointment. Promptness in delivery is one of our hobbies.

HUNDREDS OF WHITE SOLDIERS

VOLUNTEER TO SERVE AS NON-COMMISSIONED OFFICERS OF COLORED TROOPS.

Army Club House for Selected Men at Camp Taylor.

Camp Zachary Taylor, Louisville, Ky. Oct. 25.—Several hundred white soldiers of the new National army have responded to a call for volunteers to serve as non-commissioned officers in a battalion of negro soldiers to be formed for non-combatant service as laborers behind the battle lines in France.

The men offering their services are drawn from every unit in camp and include soldiers from Indiana, Illinois and Kentucky. Prospects that by attaching themselves to this labor battalion they would see service in France long before any other unit of the 84th division is said to have been the principal attraction which caused the rush of volunteers. At first the majority of the men looked on the idea with some disfavor, but they experienced a change of heart when the possibility of being soon sent to France was called to their attention.

The call was for men who had had experience as foremen or in an executive capacity in industrial occupations. The question of military training being a secondary consideration in this instance.

Complete organization of the battalion cannot of course be accomplished until the next increment of drafted men which will include a large proportion of negroes, arrives at the camp.

The battalion will be used along the lines of communication, at the military bases and in non-combatant work.

A modern, fireproof four-story building in the downtown district of Louisville will be used as a National Army Club by the men of the selective army in training at Camp Zachary Taylor.

Announcement that the building had been obtained was made by Cecil C. North, the War Department's representative here in connection with the community organization work.

The building has a frontage of about one hundred feet and a depth slightly in excess of that. It was formerly used by a furniture company and its big open floors without obstructions will lend themselves to any changes that may be desired.

Just what changes the Louisville War Recreation Board which is in charge of the Club's activities, will make are not known, but nothing will be left undone, it is promised, to add to the structure's attractiveness for men on pass from the camp.

Among other things it is proposed to install are, a billiard room, a cafeteria and a reading room. The chief feature of the reading room will be a file of newspapers in which will be found copies of every paper published in Indiana, Kentucky and that part of Illinois from which the men are drawn. Other features will also be added to attract the soldiers while they are in town on business or pleasure.

The use of the club rooms will not be restricted to use by enlisted men but officers as well will be invited to make use of the conveniences and recreational and social opportunities which will be afforded.

Highland Heather, an unusually smart OVERCOAT. Make of fabric that will give you all weather service and entire satisfaction. Sold by FRANK BYRNS' Hat Store.

FARM NOTES

Raising More Hogs.

Robinson Bros. of Morton told me the other day that they expect to breed 150 big type Poland China sows this fall. This is a great increase over their regular operations, but they figure that hog breeding is due for a substantial increase. At their sale the other day, 42 boars and 2 sows sold for an average price of \$80 per head. One spring gilt offered for the Red Cross sold for \$120. The other sow was a splendid breeding prospect and sold for \$400. They sold 42 of the best boars they have ever offered and they are keeping back the sows which were raised with them including litter mates of their prize-winning boars at the Illinois State Fair.

The United States Food Administration urges farmers to raise more hogs and a letter the other day from Herbert Hoover requested me to call attention to the economy with which a small number of hogs may be kept on farms and even in towns where no hogs are now kept. He says: "In many instances one sow can be handled to advantage and economic production of pork result where five sows would mean production of pork at a loss. The one sow would mean largely utilization of what is now waste five sows the purchase of high-priced feed for finishing progeny into pork with the result of high cost of production. The one sow man is the farmer who can come to the rescue of the Nation in this emergency. Bankers should make it possible by furnishing the necessary credit at a low cost. The same principle applies to both sheep and cattle. It is the man who will produce in small units that we must rely upon to get our increased supply of live stock."

John Betzelberger of Delevan also had an auction sale of Poland China boars recently and distributed a lot of good stock to various points, especially through the southern part of the county.

Last week, W. H. Garber of Washington held a sale of Duroc-Jersey and sold 28 boars for an average of \$65 per head and 10 sows for an average of \$122. This makes an average of \$80 for the entire 38 head. One of the attractions at Mr. Garber's sale was his big boar O. C. K's Chief for which he paid \$1,200. This boar was champion at the Indiana State Fair this year and should do much to improve the quality of Duroc-Jerseys in Tazewell Co. Mr. Garber has made a wonderful start in the Duroc-Jersey business since he began three years ago.

The Concord Horse Show. The last colt show of this season was held recently at the Concord Church between Mackinaw and Hopedale. Alto prizes were offered for animals of other breeds, the show was principally a display of Percherons. Chas. E. Smith won first on stallion foals, yearlings, three-year-olds, four-year-olds and group of four head and he also won the championships on first on filly foals. Chas. R. Walker of Mackinaw won first in two-year-olds and Lewis Vowter of Tremont won first on the get-of-sire and Henry Griesemer of Hopedale won first on the Produce-of-one-mare.

This show was held in connection with a two-day show and institute. Chas. E. Smith was awarded a cup because of winning the most prizes on horses and corn combined. Miss Gladys Clark won a cup similarly awarded in the women's exhibit and Miss Gladys Mason won a cup offered for girls' exhibits.

The Poultry Demonstration.

Last week we had four farm meetings where poultry has been made very successful and the methods of handling young chickens and producing eggs in the winter were explained to the men and women who were interested. These meetings were held at the farms of C. L. Moore, Tremont; David Plattner, Tremont; Ernest Schoenlein, Morton and B. F. Schmalleberger, Morton. Mrs. Plattner invited the company of about 30 into lunch as it was the middle of the afternoon when we were at her place. Mrs. Plattner is a grand cook and a number of the ladies told me that her lunch of pies, cakes and other good things was the best they ever had tasted. Mrs. Schoenlein, where we stopped soon afterward served delicious cookies and sweet cider. It was a splendid afternoon of instruction and pleasant visiting.

E. T. Robins, County Agricultural Agent.

ANNOUNCEMENT.

I hereby announce myself as a candidate for county commissioner at the election to be held November 6.

FARM PROPERTY

For years ahead the outlook for the farm is most promising and the most far sighted farmers are using their credit and cheap money to get possession of farm lands while they can be had. What many men need just now is nerve to back their judgment.

(1) Monday we looked over 300 acres of land located one and a half miles from a good thriving town and three miles from a nice little village and seven miles from the county seat. One-half of this land is as fine black land as you could ask and well tilled. Of the other half it is all good level timber soil, except about 30 acres which is a little cut with draws and ditches but no hills. This farm is fenced in convenient sized fields. There are 30 acres in blue grass, 40 acres in meadow, 116 acres of wheat, 96 acres of corn, balance stubble. There is a brick house of six rooms, an excellent barn for 14 horses, two oat bins, corn crib and room for 30 tons of loose hay. The entire barn is concreted. There is a granary for 1500 bushels of grain, big implement shed and stock scales, a three room tenant house and other out buildings. The wheat crop alone this year sold for \$5,000. For immediate sale and possession March 1st with taxes paid we can sell this farm at \$125 per acre, or will exchange for a smaller prairie farm north or east of Jacksonville. This is your opportunity.

(2) Southeast of Woodson we have a farm of 80 acres with a new seven room house, new horse barn, good cattle barn and excellent hog barn and all in good condition. Farm is mostly in grass and can be had for \$9000.

(3) 160 acres in the south part of the county of which one half is good black land and the balance all good farming land except a few acres near the barn. The land is in high state of fertility, all fenced, fair house and plenty of other buildings. Must be seen to be appreciated. Price, \$150 per acre.

MONEY

We had calls last week for loans on real estate amounting to \$40,000, most of which are already filled. If you need a loan let us know soon.

State of Illinois

Morgan County
In the Circuit Court of the No-
vember Term, A. D. 1917.

Laura C. Bond, vs. Leroy Bond.
Bill for Divorce.

Notice is hereby given to Leroy
Bond, defendant in the above en-
titled cause, that the complainant in
the above cause, Laura C. Bond, has
heretofore filed her bill of complaint
in the Office of the Clerk of the Cir-
cuit Court in and for the County of
Morgan and State of Illinois in the
above entitled cause against said
defendant, and that a summons in
Chancery was thereupon issued out
of the Office of the Clerk of said Cir-
cuit Court in the above entitled
cause against said defendant, which
summons is returnable on the first
day of the next said Circuit Court
within and for the County of Mor-
gan and State of Illinois, which term
of court is to be begun and held on
the second Monday of November, A.
D. 1917, at the Court House, in the
City of Jacksonville, in the said
County of Morgan and State of Illi-
nois; and that said suit is still pend-
ing in said Court. Now unless you
the said Leroy Bond shall be and per-
sonally appear before said Court on
said day of said Term at the Court
House in the City of Jacksonville in
the County of Morgan and State of
Illinois, and accept, plead, answer
or demur to said bill of complaint
in and all therein contained will
be taken as confessed and a decree
entered accordingly.

Witness, C. W. Boston, Clerk of
said Circuit Court and the seal of
said Court, this 11th day of October,
A. D. 1917.

(seal) C. W. BOSTON,
Clerk of the Circuit Court of Mor-
gan County, Illinois.

CARL E. ROBINSON,
Solicitor for the Complainant.

ADMINISTRATOR'S NOTICE
Estate of Adella A. French De-
ceased.

The undersigned having been ap-
pointed Administrator of the estate
of Adella A. French late of the
County of Morgan and State of Illi-
nois, hereby gives notice that it will
appear before the County Court of
Morgan County, at the January term,
on the first Monday in January next,
at which time all persons having
claims against said estate are not-
ified and requested to attend for the
purpose of having the same adjusted.

All persons indebted to said estate
are requested to make immediate
payment to the undersigned.

Dated this 17th day of October, A.
D. 1917.

The Farmers State Bank and
Trust Company,
Administrator.

RHEUMATISM IS PAIN ONLY, RUB IT AWAY

Instant Relief from Pain, Soreness, Stiffness Follows Rubbing with "St. Jacob's Oil"

Stop "dosing" rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub "St. Jacob's Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain and distress. "St. Jacob's Oil" conquers pain! It is a harmless rheumatism liniment which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, back ache, neuralgia and reduces swelling.

Lumber up! Get small trial bottle of old-time, honest "St. Jacob's Oil" from any drug store, and in a moment you'll be free from pain, aches and stiffness. Don't suffer! Rub rheumatism away.—Adv.

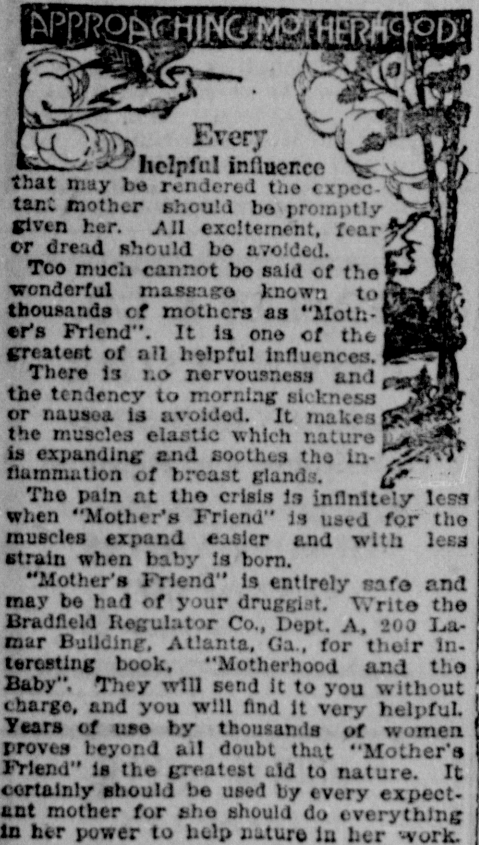

APPROACHING MOTHERHOOD

Every helpful influence that may be rendered the expectant mother should be given her. All excitement, fear or dread should be avoided.

Too much cannot be said of the wonderful assistance known to thousands of mothers as "Mother's Friend". It is one of the greatest of all helpful influences. There is no nervousness and the tendency to morning sickness or nausea is avoided. It makes the muscles elastic which nature is expanding and soothes the inflammation of breast glands.

The pain at the crisis is infinitely less when "Mother's Friend" is used for the muscles expand easier and with less strain when baby is born.

"Mother's Friend" is entirely safe and may be had of your druggist. Write the Bradford Regulator Co., Dept. A, 209 Lamar Building, Atlanta, Ga., for their interesting book, "Motherhood and the Baby". They will send it to you without charge, and you will find it very helpful. Years of use by thousands of women prove beyond all doubt that "Mother's Friend" is the greatest aid to nature. It certainly should be used by every expectant mother for she should do everything in her power to help nature in her work.

A Woman's Burdens

are lightened when she turns to the right medicine. If her existence is made gloomy by the chronic weaknesses, delicate arrangements, and painful disorders that afflict her sex, she will find relief and emancipation from her troubles in Dr. Pierce's Favorite Prescription. If she is overworked, nervous, or "run-down," she needs new life and strength. It's a powerful, invigorating tonic and nerve which was discovered and used by an eminent physician for many years, in all cases of "female complaints" and weaknesses. For young girls just entering womanhood; for women at the critical "change of life"; in bearing-down sensations, periodical pains, ulceration, inflammation, and every kindred ailment, the "Favorite Prescription" is the only medicine put up without alcohol—ingredients on wrapper.

If not obtainable at your dealer's send 10 cents to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., and he will mail trial package of the tablets.

CHICAGO, ILL.—"I have used Dr. Pierce's Favorite Prescription, Golden Medical Discovery, Pleasant Pellets, Healing Suppositories and Lotion Tablets. When I started to use these medicines I was so weak I was not able to do my work, but can say I am well now. My doctor is surprised for he wanted to operate on me. I weighed at first only 130, I now weigh 155 and feel fine. I hope this will help other sufferers for it is very hard to be sick."—Mrs. HANNAH KIDDY, 422 Fairfield Ave.

QUINCY, ILL.—"Some years ago I suffered from a nervous breakdown, brought on by woman's weakness. I saw Dr. Pierce's Favorite Prescription advertised and bought a bottle. Two bottles restored me to absolutely perfect health and I have never had any return of woman's weakness since. I am very glad indeed to recommend Dr. Pierce's Favorite Prescription as an ideal medicine for women."—Mrs. M. A. GRAY, 205 S. Third Street.

FRENCH MILITARY MISSION TO GREECE

Will Co-operate with Venizelos Government in Complete Reorganization of Army—No Desire to Hurry Movement.

Athens, Oct. — (Correspondence of the Associated Press)—A French military mission is about to arrive to cooperate with the Venizelos government in a complete reorganization of the army, which for the last three years has been divided against itself, sometimes operating with one side of the European conflict, sometimes with the other side, and sometimes with both sides at the same time.

This strange contradiction in the functions of the army has been due to the divided state of civil rule with a Constantine government at Athens and a Venizelos government at Saloniki, one favorable to the Central Powers and the other fighting with the allied forces on the Saloniki front. Now that both governments are united under Venizelos one of the first moves is to try and heal this division in the army, and to organize a united, well-disciplined fighting force of about 300,000 men.

The government has taken the first step in the new organization by calling out the classes of 1916 and 1917. These are the young men, and the two classes will give about 60,000 fighting men. The general mobilization will come later, yielding upward of 200,000, which with the seasoned Venizelos troops, which fought at Saloniki, and the young divisions now being formed, will carry the total well above 300,000 men.

There is no desire to hurry this movement, for the government is moving with caution so that the old royalist element of the army may not have the opportunity of arousing a popular agitation against mobilization. This royalist element continues to exercise much influence in the inner circles of the army. But the government is weeding it out, relieving and retiring all officers not in sympathy with the new regime, and adopting drastic measures against those who carry on a secret campaign inside the army. One measure just presented to parliament by the minister of justice, authorizes the transportation to distant parts of the country of those suspected of agitating against the government.

The French military mission will be headed by General Braquet with a personnel of some eighty officers of all branches. It will be the second time in recent years that the French have organized the Greek army. The effectiveness of the Greek army in the Turkish and Balkan wars was due entirely to the organization carried out by General Eydoux, a French general of brigade, who moulded the crude elements into a fighting force which secured for Greece the best part of the territory taken from Turkey. And yet, after being organized by French military genius, the influence of the late Constantine government turned a good part of this army against those who had brought it into existence.

PROFESSOR TALKS OF GREEK EXPANSION

Authority on International Affairs Believes That Two Important Results Will Occur if Turk is to Leave Europe as Required in Allies' War Terms.

Athens — (Correspondence of The Associated Press) — If the Turk is to leave Europe, as the Entente allies have required in their war terms, then there is a well-defined belief in the Balkans that two results will occur of high importance to Greece and all Europe.

First—That the Greek inevitably will succeed the Turk thruout Thrace and the whole region down to the Dardanelles and the Bosphorus.

Second—That a new zone of territory friendly to the Entente will thus be stretched horizontally straight across the Balkans as a barrier to the German dream of making the Balkans a German highroad to the Orient.

Would Follow Peace Adjustment.

Professor Andreade of the University of Athens, one of the foremost authorities on international affairs relating to the Balkans, holds this view, and in the course of a talk today he explained how these two results would naturally come about in the final peace adjustment, by reason of the principle of nationalities now accepted by the Entente allies as a basis for territorial readjustment.

Professor Andreade who is a specialist on the extent of Greek citizenship beyond the Greek frontiers in Macedonia and the other Balkans, in Turkey, Syria and Asia Minor—pointed out the great predominance of the Greeks in the regions to be evacuated by the Turks if they are to leave Europe.

The whole vilayet, or province, of Adrianople, extending from the Balkans down to Constantinople, he declared, is as much Greek as it is Turk and with the Turks out it is practically all Greek. "Even Constantinople," he said, "is a Greek city—the largest of Greek cities—with a population of 350,000 Greeks. That gives an idea of the extent of Greek citizenship in all this section down to the Straits, which will have to be considered, on the basis of nationality and race, when the Turk leaves Europe."

Occupied by Military Force.

"That is why I say," added Prof. Andreade, "that if the Turk is to withdraw, the principle of nationality which recognizes the racial condition of a community will lead to the recognition of Greek paramount influence in that section. Thus far, the principle of nationality has been ignored and violated

in all Balkan settlements, and force has prevailed. Austria and Bulgaria have not occupied any of the territory annexed in recent years by reason that their race or nationality prevailed in these sections, but solely by reason of their military force. That has been the cause of the endless wars in the Balkans, for people are never satisfied when their race is ignored and they are attached to a foreign conqueror by force."

Professor Andreade referring to the Balkan map, showed how the readjustment of Balkan boundaries, based on nationalities, would interpose two barriers, to Germanic expansion, toward Asia Minor and the Orient, one the Greek zone across Thrace, and another the Serb-Rumanian link of territory which lies as a dam between Hungary and Bulgaria. This Serb-Rumanian link is only fifty miles across, but with Rumania getting the Banat region, to which Professor Andreade says she is entitled by the principle of nationality this Entente link will be 150 miles across.

"And thus Entente Europe can accomplish what it chiefly seeks in the Balkans," said Professor Andreade, "friendly Entente zones intercepting the natural route of Germanic expansion toward the Orient, and this can be accomplished not by force, but by the principle of nationality now accepted by the Entente powers."

Mrs. J. Everett Johnson and babe returned yesterday to Franklin after a visit with Mrs. Wilbur Whitney on South Clay avenue.

COATS - SUITS - DRESSES

Newly Brought from Overstocked Manufacturers

WE are now in a position to offer the most wonderful values in Coats, Suits and Dresses. All value-giving records will be broken during this sale. A glance at our windows will be convincing of **THE GREATEST BARGAINS EVER OFFERED.**

PREMIER'S HEADQUARTERS CHANGED

London, Oct. — For the past five weeks, says the Central News, Mr. Lloyd George's headquarters, as premier have not been at No. 10 Downing street but at Great Walstead, a charming old Sussex farm surrounded by acres of meadow, wood and parkland, and accessible only thru a maze of rural lanes. There is no harm in revealing the secret now, Mr. Lloyd George is no longer there, nor is General Smuts, nor Baron Sonnino, nor M. Painleve, nor M. Thomas, nor Lord Milner, nor Sir William Robertson, nor any other of the towering personages who during the past week or two, have discussed world affairs and taken epoch-making decisions under that now historic roof.

The servants had no need to carry word for the drawing room when Mr. Lloyd George was at Great Walstead. He made that his particular task and a big pile of branches testify to the Prime Minister's industry.

The dairymaid on the farm taught the Prime Minister to manage the cream separator and tempted him to try the beneficial effect on a tired brain of turning the churn. There were few of the farm operations in which in his spare moments he did not lend a hand.

"A very nice homely man," is the verdict of Kezia Neale, the housemaid.

Mrs. Sadie Gallagher of Woodson called on city friends yesterday. James Naulty of the vicinity of Sinclair was a city caller yesterday.

A CHILD'S TONGUE SHOWS IF LIVER OR BOWELS ARE ACTIVE

If Cross, Feverish, Sick, Bilious, Give Fruit Laxative at Once

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach ache, diarrhoea, indigestion, colic—remember, a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."—Adv.

EVANGELIST COMMENDS RAINY NIGHT SERVICES

Hanley Prefaced Sermon By Saying That Rainy Night Services Always Proved Unusually Interesting and Helpful—Theme was Mountains of Experience—Urges Needs of Following Bible—Announcements for Today.

HANLEY-FISHER REVIVAL ANNOUNCEMENT FOR TODAY

9:30 Neighborhood Prayer meetings.
10:00 Store Meeting, Johnson-Hackett furniture store. Address by Dr. Hanley on "The High Priced Man."
3:00 Miss Robertson will speak to the W. C. T. U. at the home of Miss Olive Blunt, S. Prairie, on "Prayer."
4:00 Fisher rehearses the children's chorus.
7:30 Young People's Night at Grace church. Reserved seats for all young people. Everybody invited.

Those who ventured out through the rain to Grace church last night were amply repaid for their effort. Altho the attendance was smaller than usual, the service was intensely interesting and very helpful.

Mr. Fred Fisher led the singing with much vim, supported by the big chorus choir and the full orchestra. "Stepping in the Light," "The Inner Circle," "It Pays to Serve Jesus," "Throw Out the Life Line" and "He Saves Me" were sung with enthusiasm. "You Folks," said Mr. Fisher, "are a long way from the coffin. Why don't you shine up and sing?" They responded nobly.

Some one asked the leader to give out the hymn, "The Church in the Wild Wood." After a verse had been sung, Dr. Hanley stepped forward and gave an interesting incident. He said that one Sunday morning he preached in the church referred to in the hymn. It is just a modest structure in the northern part of Iowa. Posted up on the wall of that "church in the wild wood" is a list of names of men who have gone from that church to fill places of honor and usefulness. Among the names are these: Ex-chief Justice Harvey, President Storm of Ames College, Leslie M. Shaw, H. N. Haver, attorney general of Iowa; James M. Wilson, secretary of agriculture, and Gov. Harding, besides 86 lawyers and jurists. Rev. J. O. Kirkpatrick was called out to sing the chorus. He did so well that he was asked to sing a stanza. Then he and Mr. Fisher

sang a stanza as a duet. Later Rev. Kirkpatrick offered the prayer. Dr. Hanley then gave the announcements. He emphasized the store meetings. "Come for two minutes if you can't stay longer." The attendance at these business talks is increasing in an encouraging manner. Tonight he said will be the treat of the whole campaign. The lower floor will be reserved for delegations from all the schools and colleges of the city. But everybody is urged to come and get young once again. Dr. Hanley will tell the thrilling story of how he won the mile run. Young people not enrolled in any educational institution are urged to be present and occupy seats on the main floor. Saturday night will be a hilarious time for the children. The "Booster Chorus" will sing and Dr. Hanley will give what he calls his "Moving Picture Sermon."

Sunday night two services will be held—one for men in Grace church—and one for women in State Street church. Just before the sermon Miss Jessie Wall of the Illinois Woman's college sang impressively, "Jesus Will Save." Mountains of Experience. Dr. Hanley took as his sermon theme, "Mountains of Experience."

He prefaced his sermon by commending rainy night services as being unusually enjoyable and refreshing. Jesus preached one of his greatest sermons to one woman. And when he preached there again all Samaria turned out to hear Him. Jesus enjoyed to go off to some mountain to be alone. We need that experience today. We ought to spend five minutes each day in looking inside ourselves. The first mountain of experience he named The Mountain of Instruction. We are told to "take my yoke and learn of me." We are perfectly willing to learn of everything except Jesus. Dr. Hanley referred to the false teachers who have misled many people—Dowie, Pastor Russell, "Sister" Eddy and others. While there is some good to be gained from every teacher, many guileful folks swallow everything, as he himself did when a freshman at college. The result is delusion and bewilderment. "When there's nothing wrong with you but your head Christian Science is a good place to go." Mental therapeutics works all right. But Billy Sunday's test of Christian Science has never been challenged. They are afraid to take the strychnine as he suggests.

Bible Only Real Guide. Instead of following these misleading guides, we need to follow the Bible. "If I had my life to live over I'd know my Bible better." Read John through ten times. California is noted for sunshine, fleas and religion. Out there 500 leading women have been taking lectures under a Hindu teacher. If they could see for one week what Hinduism has done for womankind they would put no stock in it.

Then prayer is necessary. Not stereotyped prayers, but vital communion with God. We can know God so well that there need not be the shadow of a doubt that we belong to Him and that He loves us.

The second mountain named was The Mountain of Revelation. Christ began his ministry on the Mount where he taught the disciples. Then came the Mount of Transfiguration where His glory was revealed to them. "The more you see of God the less fault you'll find with your fellowmen." When we see God we don't look for the black spots in humanity. Dr. Hanley told of a critical man in his church who used to tear the sermons and the preacher to pieces. One day this gentleman was put on the program to speak on an important occasion. Dr. Hanley introduced him with very complimentary terms. When the man began to speak all he could think to say was, "Brothers and sisters, ladies and gentlemen," and he sat down. He was very meek and magnanimous ever afterward.

Criticism is very foolish when you can't do any better than the one with whom you are finding fault. We need such a revelation of God in Christ as shall fill our minds with wholesome ideas.

Last comes the Mount of Coronation. But before Christ ascended this mountain He had to fight thru Gethsemane. Faith in Christ Necessary. The Evangelist spoke of the great battles which are fought behind closed doors. Soul scars are just as real as bodily wounds. We must fight the battles of character before we can receive the crown of life. But let us ever remember that in all our struggles we have the presence of Christ to help us. Here he related an experience out of his own life illustrating how Christ helps us to win. He then pictured the glories of the coronation.

It was a clear, practical message right from the heart of the speaker. He did not make any appeal for decisions, but urged upon his hearers the need of climbing these mountains and living more in the spirit of the Master. Dr. Landis pronounced the benediction.

At the close he met the advertising committee. Mr. Fisher held a brief rehearsal of the chorus choir.

HALLOWE'EN NOVELTIES. If you want something dainty see our beautiful line.

LANE'S BOOK STORE

Charles Kikendall has ended a visit with his daughter, Mrs. George Chambers of Hardin avenue, and returned to his home in Franklin.

A TEXAS WONDER. The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame back, rheumatism and irregularities of the kidneys and bladder in both men and women. Regulates bladder trouble in children. If not sold by your druggist, will be sent by mail on receipt of \$1.00. One small bottle is two months' treatment and seldom fails to perfect a cure. Send for sworn testimonials. Dr. E. W. Hall, 2926 Olive St., St. Louis, Mo. Sold by druggists.—Adv.

FRED J. SCHOLFIELD IDEAL CANDIDATE

Fitted in Every Way for Office of County Commissioner—His Election Will Assure Careful Management of the County's Business.

A vote for Fred J. Scholfield at the election to be held Nov. 6 will mean a vote for careful management of the county's business. Mr. Scholfield received the nomination for the office from his party by a large vote.

This vote revealed the confidence that the people generally have in him and a faith that he will apply

the same care and attention to county affairs that he gives his private business.

Mr. Scholfield is peculiarly fitted for the position of county commissioner. He has had practical experience in business, having for a number of years engaged in the mercantile business in this city. Since that time he has engaged in farming with marked success. He believes in progress and this is indicated by his study of new farming methods which he has applied successfully to his own farming interests.

An aggressive campaign has been made by Mr. Scholfield in his candidacy. He has endeavored to see every voter. However, this is impossible in connection with his other business. It lies with the voters to give Mr. Scholfield a good majority at the polls for his election will assure an economic administration of county business for the next three years.

W. C. MCURLEY BUYS A COUNTRY CLUB OVERLAND. W. C. McCurley, an enterprising farmer in the south part of the county, has bought of the J. F. Claus Overland company a handsome Country Club Overland car.

MATRIMONIAL

Hornback-Waters. Samuel C. Hornback of Athens and Mrs. Paulina A. Waters of Franklin were united in marriage by Justice Dyer at his office Thursday morning at 10 o'clock. The groom is 74 years of age and a carpenter by occupation. His bride is 55 years of age. They will reside in Athens.

VISIT OUR GIFT SHOP. Do not fail to visit our Gift Shop for gifts that are different. Quaint little wooden novelties, pottery, brass and copper goods, toys for the kiddies and books of all kinds will be found here.

L. C. & R. E. HENRY

FOUND HOGS IN HIS PEN.

When D. L. Herman went out to feed his chickens Thursday morning he heard a noise in his pig pen, which was nearby. Investigation showed that eight hogs were occupying the pen. Mr. Herman thought maybe he was dreaming and pinched himself and rubbed his eyes but the hogs were still there. He came to the Journal office Thursday evening and inserted an advertisement in the Journal that the owner of the pigs can have the animals by proving his property. If no owner appears Mr. Herman is willing to keep the pigs which he thinks probably were stolen and placed in his pen. Mr. Herman is an industrious colored citizen and bears an excellent reputation in the community.

MEETINGS HELD THURSDAY.

A Hanley-Fisher evangelistic meeting was held yesterday afternoon at McCarty-Gebert's Cigar factory. Mr. J. S. Findley introduced Mr. Hanley who made an interesting talk to the men. Mr. Fisher favored them with several songs.

This morning another of the business men's meetings will be held at ten o'clock at Johnson, Hackett & Guthrie's on the east side of the square.

At noon today another meeting will be held at the C. P. & St. L. car shops.

WAR BUSINESS IN ENGLAND

Two Million Female Workers Now Engaged in Many Industries—Independent of the Rest of World in the Manufacture of Munitions.

London, England, October—How completely England is engaged in this War business cannot be realized by the average foreigner until he has had an opportunity, such as that granted the writer, to come here and study conditions for himself. The whole country is organized, economically and militarily and politically for the War. Before the War and for some time afterwards England had a partisan political Government. Today four of the five great political parties are directly represented in its Ministry, and the fifth is supporting the policies of the government. Coalition and co-operation are paramount in the work of the British Government. The one party which is not represented in the Ministry—the Irish Nationalists—is not there because of its hard and fast rule that its members shall not accept office in any British Ministry until Home Rule is granted to Ireland.

Before the war England was the world's greatest sea power, and one of the world's weakest land powers. Today, she is still the greatest sea power, but her small standing army of pre-war times have been expanded to a fighting force of 7,000,000 men.

Labor and Capital Are One. Before the war there was a great deal of unrest in English industry. Labor unions were coming fast and were increasing their demands from time to time. Since the war, while there has been quite a little unrest because of the unions' natural objection to profiteering, union labor is at one with capital in the campaign to whip the Germans.

The magnificent economic and industrial organization of England today is due not only to the foresight and organizing ability of her ministers, but to co-operation all along the line between the workers, particularly the women workers, and the Government. Notwithstanding the withdrawal of millions of men from industry to go into the military, England's industrial organization is kept to a higher pitch today than ever before. She has tremendously sped up her production, especially in the production of materials of war. Women who were not so largely engaged in labor before the war are now to be found on the farms, in the factories, in the shops, in the larger stores, in the railways, the street cars, in every branch of the government civil service, and everywhere that men used to work.

There are more than 12,000,000 female workers now engaged in production or distribution in England who were not engaged in either before the war.

From poorest to richest England's women are setting about doing their bit in this big conflict to which the United States recently became a party.

Women Work on Farms.

The agriculture of England is small as compared with that of the United States, but since War started back in 1914, more than 2,000,000 women, who were not there before, have gone on to the farms of England to take the places of men who have gone into the trenches. They are regular, all the year round employees. As many, if not more, work on the farms during the seasonal planting and harvest periods.

When the War started England's munitions industry was comparatively small. During the last few months she has declared herself independent of the rest of the world in the manufacture and assembling of munitions. She has brought herself to this state of independence and efficiency largely thru the employment of standardization methods and female labor.

The women of England when they learned their safety depended upon their labor in munitions factories went into the factories—more than a million of them—and every time a Tommy at the front fires a round at the Germans he knows that his wife or his sweetheart, or his sister, or his cousin back home in "Blighty" is turning out munitions faster than he can use them to win the war. One English factory which before the War employed men only and turned out 7,500,000 cartridges a year, now employs 30,000 women and turns out 25,000,000 cartridges a day. When one gets on to a street car or a tram or an omnibus in London, Manchester or any other city in England, he is almost certain to hand his fare over to a woman conductor. About half of the motor men are really motor-women. A large proportion of the taxi drivers are women, and a great many of the railway employees. The others are men too old for military service or physically unfit.

Women are even employed in the military establishment, as automobile drivers, as expert mechanics, as assistants to the Royal Flying Corps, and in many capacities.

Take Over Work of Postoffice.

They do practically all messenger and delivery work, they have taken over a large part of the work of the Post Office; they collect and deliver the mails; they sort and dispatch them, in fact, there is nothing in England which man once did that woman is not doing now. Why? Because England is at war; she called on her women, and they responded to the call with Spartan willingness, and they are standing by their country with Spartan fortitude.

The impression which the England of today makes on the average foreigner was indicated recently by Representative-at-Large McCormick of Illinois, during his visit in London, in a talk to a group of representative public men.

"The traveler who comes to England, or to France, for the first time since the outbreak of the War," said Congressman McCormick, "cannot

KANKAKEE WOMAN IS GIVEN RELIEF

refrain from speaking of the profound impression which the resolution and steady courage of the people make upon him. He is inspired by the energy and the union of effort everywhere manifest. I have been struck by the fusion of hard intelligence and idealism with which British men and women face the problems of the War and of its prolongation no less than the problems of peace which must follow.

"I have seen here displayed the practical qualities and the idealism which we Americans like to count among our homely attributes. Without both we shall not mould the democratic and peaceful society which we believe necessary to the survival of our Christian civilization."

Other travelers who come here give practically the same verdict. They are surprised—tremendously surprised—to see the easy-going England of before the War days keyed up to such a high pitch of industrial efficiency.

Kankakee, Ill., Oct. 25.—"I sincerely hope that all suffering humanity will try this wonderful new medicine Tanlac, for it certainly is a great preparation," was the enthusiastic statement made on April 21 by Mrs. Emma Beynier, local woman of 457 North Dearborn avenue.

"I've had stomach trouble for the past year," Mrs. Beynier continued. "I had all but lost my appetite and the little food I did eat didn't digest properly. Dull headaches bothered me all the time and I always had a bad taste in my mouth. I couldn't rest well at night and would invariably feel tired and worn out all through the day."

"I had tried so many different medicines without gaining relief that I really didn't expect Tanlac to help me much when I bought it but to my surprise this preparation benefited me where the others had failed. I feel just fine now. My appetite has

returned and I can eat anything without suffering any of the former bad effects. The dull headaches have ceased to occur and I don't have the bad taste in my mouth any more. I rest much better at night, too, and feel good when I get up in the mornings."

"Tanlac has certainly done me a great good and I'm only too glad to tell my friends about it."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, nervousness, sleeplessness, loss of appetite and the like. Tanlac is now being introduced and explained in Jacksonville at Coover & Shreve's drug stores. It also may be obtained in the following nearby towns: Waverly, Wyle Drug Co.; New Berlin, New Berlin Drug Co.; Ashland, H. O. Brownback's; Versailles, A. G. Bates; Chapin, F. P. McKinney.

COUNTY INSTITUTE

OPENING AUSPICIOUS

First Day's Session of Morgan County Farmers' Institute Largely Attended—Program Proved One of Much Interest—Red Cross Chicken Dinner a Feature—Awards Made in Exhibits.

The first day's session of the Morgan County Farmers' Institute held at Waverly yesterday proved a great success. There was a large crowd present at the lecture of Prof. Winter in the morning and during the afternoon and also despite the bad weather a great number came in the evening. The Red Cross chicken dinner served at noon by the ladies was appreciated by the big crowd and a neat sum realized from this work. The proceeds were for the benefit of the Red Cross. The speakers of the day especially complimented the committee on arrangements on the place where the institute is being held. They state that the new high school building is one of the best places which they have so far come across for the holding of an institute. Large crowds can be accommodated at the school building and there is also plenty of room for all the exhibits. The following program was carried out.

10 a. m. Address by H. A. Winter on "Soils."

Noon. Red Cross chicken dinner.

1:15 p. m. Addresses by Mrs. Grace Viall Gray and H. A. Winter.

6 p. m. Supper by the Red Cross.

8 p. m. Address, "Practicing Thrift, Not Parsimony"—Mrs. Grace Viall Gray.

CHARLES SOUTHWELL'S

CONDITION NOT IMPROVED

Man Shot Wednesday Now at Springfield Hospital—High School Pupils Give Oyster Supper—Other Scott County News.

Winchester, Oct. 25.—Charles Southwell, who was shot Wednesday morning by William Dill, remains in about the same condition at the Springfield hospital. His brother, William Southwell, and nephews, Charles and Bert Coultas, who accompanied him to Springfield, remained there Thursday.

The pupils of the high school will give an oyster supper Friday evening in the basement of the Christian church for the benefit of the high school band.

John Pine and Victor Knoepfel of Bluffs were business visitors here Thursday.

Mrs. J. C. Bishop returned Wednesday to her home in St. Louis after a pleasant visit here with relatives.

George McDade, living four and a half miles west of Winchester suffered a paralytic stroke a few days ago and still remains in a serious condition.

Mrs. Walter Northrup and Miss Leta Ross of Alsey were shoppers in Winchester Thursday.

The Scott county circuit court adjourned Wednesday night. Judge Norman Jones being called to Carrollton on account of the illness of his son.

Mrs. H. D. Dennis will return to her home in St. Louis today, after a ten days' visit here with relatives.

Mrs. John Hawk and daughter, Miss Georgia, and son Albert, of Merritt, were visitors here Thursday.

FURS REMODELED

Mrs. Abbott, 1237 South East St., Illinois phone 881.

INSTRUCTING OTHER COUNTIES.

Numerous calls are being sent into Morgan county for speakers to visit other counties in this section and give advice as to methods for the registration of women. Mrs. Lillian Woods King was in Pittsfield Wednesday to address a gathering of women on the subject. Miss Maria Fairbank was in Concord yesterday to address a meeting of women and Mrs. E. P. Cleary spoke at the farmers' institute in Chapin Wednesday. It is expected that a number of speakers will visit cities in adjacent counties within the next few days.

Mrs. Parker Doan is giving addresses on food conservation and explaining the Hoover pledge cards thruout the city. Mrs. Doan talked to the children at the Franklin and Jefferson schools yesterday and today will address the Parent-teacher meeting at Washington school. Saturday Mrs. Doan will talk before the Domestic Science Round table.

T. M. Whitlock is a man who knows a good thing when he sees it and has bought the J. F. Claus Overland company a five passenger Overland touring car.

VISITORS AT CAMP DODGE.

Mr. and Mrs. Stephen Quigg of north of the city have returned home from Camp Dodge, Des Moines, Iowa where they have been the guest of their son, Henry D. Quigg of Co. C, 349th Infantry. Henry is well and sends his best regards to his many inquiring friends in and around Jacksonville.

Mr. and Mrs. Quigg speak very highly of the boys at Camp Dodge. They are jolly and appear to be well pleased, and the courteous way in which they aided the many visitors in locating their sons, brothers and husbands, whichever the case might be, could not help but impress one, who was on the grounds Sunday.

Many will remember Mr. and Mrs. Quigg and family as former residents of Jacksonville.

Sweaters, select styles at prices that will please you are shown by FRANK BYRNS' Hat Store.

STILL IN THE LAW PRACTICE.

On account of having offered my law library and office furniture for sale, some have the erroneous impression that I am going to retire from practice.

I will still be in the law practice as usual but under relations which do not require two libraries and two sets of furniture.

M. T. Layman.

W. C. T. U. MEETING.

The Jacksonville W. C. T. U. will meet this afternoon at 2:30 o'clock with Mrs. Mary J. Blunt of 503 South Prairie street. From 3 until 3:30 Miss Robertson of the Hanley-Fisher evangelistic party will give a talk. All are cordially invited.

BLUFFS TEACHERS AND PUPILS TO BUY BOND

Are Now Making Effort to Raise Money for Purchase of Liberty Bond—Charles Morris Kicked in Face By Horse—Interesting News From Bluffs Vicinity.

Bluffs, Oct. 25.—The pupils of the high school will hold a box social at the school house Saturday night.

The teachers and pupils of the Bluffs school are raising money to purchase a liberty bond.

J. E. Korty is seriously ill at his home as a result of a recent attack of hemorrhage of the stomach.

Mr. and Mrs. Horace Sappington and daughter, Bessie and Mrs. James Sawyers have returned from Denver, Colo., where they have been visiting relatives for the past week.

Miss Louise Meier has returned from Lincoln, Neb., where she has been for the past year.

Miss Aileen Coultas spent Saturday and Sunday with friends in Springfield.

Mrs. Rollie Shiffley was a Springfield visitor Thursday.

The ladies of the Lutheran church will hold their annual bazaar Thursday, Nov. 22.

Mr. and Mrs. Henry Christianer of Carrollton were visitors in town on Thursday.

Charles Morris, son of Mr. and Mrs. Royal Morris was kicked in the face by a horse Thursday morning. He was badly bruised about the face but his injuries are not serious.

Mrs. Anna Ratigan, southeast of town, is visiting her sister, Mrs. Mary Eaves in Winchester.

Mrs. Kate Wedeking was a business visitor in Jacksonville Tuesday.

SEVENTY MEN ATTEND MEETING THURSDAY MORNING

The meeting for business men conducted by Messrs. Hanley and Fisher at the Hopper shoe store yesterday was attended by seventy men. Dr. Hanley is making a series of talks to business men, and the subject Thursday morning was "Big Business." The men in attendance found the talk full of interest and inspiration. A similar meeting will be held this morning at the Johnson, Hackett & Guthrie furniture store.

Yesterday afternoon at 2 o'clock the evangelistic party held a meeting for the employees of the McCarthy-Gebert cigar factory, and they will hold a meeting at the car shops at noon which will be attended by the employees in a body. Wednesday afternoon employees of the Illinois Steel Bridge company were addressed by Dr. Hanley. In this way an effort is made to reach all the men of the city, and the gospel appeal is made in a practical way.

LANE'S BOOK STORE

STATE STREET LADIES AID

IN ALL DAY MEETING

Members of the State Street Ladies' Aid society met Thursday for the regular all day meeting. During the morning hours the ladies were engaged in the making of "efficiency garments". Materials which would otherwise go into the scrap bag are utilized for the making of useful garments, the idea having been worked out by Mrs. C. A. Barnes, president of the society. A number of soiled garments have been donated by one of the Jacksonville ten cent stores, and from these the ladies are making a number of useful articles of clothing. If there is need of these garments, here at home they will be disposed of that way, otherwise they will be sent to the destitute French children.

At the noon hour yesterday a tempting luncheon was served to the ladies and a number of guests. The day proved one of profit and pleasure.

Fresh bulk oysters at Weber's Grocery.

The Swelled Doors of the

Copper-Clad Range

The swelled panels stand out rich and fine and are conceded the most beautiful doors ever designed. The big air space between the outer and inner panel is the best heat holder and prevents the heat escaping as it does when doors are of a single thickness. This air space keeps the outer panel from burning red. The fine luster of the polished ebony is a continual delight and cleans like a dish.

Andre & Andre
